

U.N. Holds Special Session On Palestine

Mrs. Kosenkina, Not Under Red's Rule, Says U.S.

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The United States State Department ruled formally today that Mrs. Oksana S. Kosenkina, refugee Russian teacher, is beyond control of the Soviet government "so long as she remains in this country."

The ruling was given by Ernest A. Gross, State Secretary Marshall's legal adviser, in a letter to Justice Samuel Dickstein, of the New York State Supreme Court.

Mrs. Kosenkina leaped from the third story of the Russian Consulate in New York a week ago and now is in a critical condition in a hospital there.

Dickstein told reporters the department's attitude would govern his decision, probably next week, on whether a writ of habeas corpus be issued against Yakov M. Lomakin, Soviet Consul General, remains valid.

The writ directed Lomakin to produce Mrs. Kosenkina for a habeas corpus hearing last Thursday. This was delayed, but Dickstein told reporters he "could" nevertheless hold Lomakin in contempt for failure to obey the order.

The ruling by Gross came as top department officials polished up a note rejecting Soviet accusation and demands in the Kosenkina case.

Michael McDermott, department press officer, said the note "will probably be completed and delivered to the Soviet Ambassador by this evening."

Marshall himself laid the basis for a sweeping rejection and probably a stern rebuke to the Soviet Union when he said Wednesday that evidence now available to the State Department does not bear out the charges against the United States government and some of its officials.

Marshall went on to say that the United States views these charges with serious concern. Not only are they unsupported by the evidence, he said, but they actually are refuted by the actions of Mrs. Oksana Stepanovna Kosenkina, one of the teachers involved.

Injured Russian Woman Shows Some Signs Of Recovery

NEW YORK (AP)—Improvement was reported today in the condition of the Russian school teacher who a week ago leaped from a third floor window of the Soviet consulate here.

During the night she had been reported sinking at Roosevelt hospital.

A bulletin issued at 11 a.m. E.P.T. said:

"Mrs. (Oksana Stepanovna) Kosenkina's condition shows improvement this morning. Her temperature is 101. Pulse is 110, which is strong. Breathing more easily since being put under an oxygen tent."

INVITATION TO RUSSIANS

The hospital said the patient had not been advised that the Soviet Consul General had been invited to send a surgeon for consultation. The invitation was issued Wednesday by the hospital.

A spokesman for the hospital said today that it was similar to the invitation that would be extended to the private physician of any private patient, and was for consultation purposes only.

Mrs. Kosenkina, 52, suffered multiple fractures and other injuries in her leap a week ago today.

Say Red Writer Seized, Sent To U.S.

BERLIN (Reuters)—Count Heinrich von Einsiedel, 25-year-old staff writer of the official Soviet organ Tagliche Rundschau in Berlin, who "disappeared" in the U.S. zone of Germany in May, has been arrested by American authorities and taken to the United States, the newspaper alleged today.

Einsiedel is a former member of the national committee for a free Germany founded in Moscow during the war.

Over \$100,000 Boost In City's '49 Tax Revenue

There is a feeling among some civic officials that Victoria's financial position for 1949 is not as black as it has been painted, and to support their opinion they point to anticipated substantial increases in tax revenue from new construction and from increased assessments on business property.

It was learned today that next year's assessment roll will include approximately \$1,777,500 new building alone. On the basis of taxes on 65 per cent of improvements, and one mill bringing \$40,000, this will increase revenue next year by about \$52,500.

That amount should be boosted well over the \$100,000 mark, which is equal to 2½ mills, by increases to assessments on downtown business property.

Exact figures cannot be revealed before court of revision is held, but estimates of increased revenue from higher assessments range from \$70,000 to \$85,000.

MAY BE \$125,000

This would bring the increase in tax revenue to close to \$125,000.

Mayor Percy George who is vacationing at the present time, stated earlier that pay boosts to civic employees and general increases in costs of civic administration might increase next year's mill rate by six or seven mills.

He is not alone in his opinion, although there is a strong feeling in other high official quarters that such a heavy increase in the mill rate will not be necessary.

SALES TAX REVENUE

It is pointed out by the latter group also that the province's 3 per cent retail sales tax will bring a worthwhile increase in city revenue.

It is believed the sales tax will collect more than \$12,000,000 annually as was estimated before it came into effect July 1. Municipalities are slated to receive one-third of the total collections.

On the basis of \$12,000,000 collections, the city's share would be approximately \$2,400,000 for a 12-month period, or half of that for the six months the tax will have been collected this year.

On the increases to business property assessments, none can exceed 12½ per cent of the previous assessment. The previous assessment must exceed \$1,000.

DES MOINES, Ia. (AP)—A drunken driving charge probably saved the life of Dale W. Flora, 41.

Flora was arrested and so charged following a minor accident Wednesday. A routine blood test at the hospital proved he was not intoxicated.

Then the hospital called. "Give Flora a candy bar or soft drink before he dies," the officers were advised.

Doctors explained that Flora suffered from an acute lack of sugar in the blood, a condition much like insulin shock sustained by diabetic patients. The symptoms are similar to those of intoxication, and the condition frequently is fatal.

Ogdensburg Declaration Celebration Interrupted

Gremlins were busy at the celebration of the eighth anniversary of the Ogdensburg Agreement. James Forrestal, U.S. Secretary of Defence, and Hon. Brooke Claxton, Canadian Minister of Defence, were scheduled to speak, but before that part of the ceremony was reached Mr. Forrestal had to leave for Washington. Then, when Mr. Claxton was carrying on a storm suddenly came up and stopped his speech. Above are seen Mr. Forrestal, left, Mr. Claxton, and between them Sgt. L. Lancaster of Texas, during the opening inspection in the New York State town.

Price Ceiling On Bread, Flour Restored To Level Of July 31

OTTAWA (CP)—The Prices Board announced today that price-ceiling control is being reimposed on all flour made wholly or partly from western Canada wheat and all bread made wholly or partly from such flour.

The prices at which the products are frozen as of today at all trade levels are those in effect last July 31.

On that date, Trade Minister Howe announced a 45-cent increase in the domestic price for wheat, but said a subsidy would be paid to keep down the prices of flour and bread.

The board said that, in reimposing the ceilings, it was acting on instructions from the government.

A government spokesman pointed out that the 45-cent-a-

bushel subsidy was being paid for the specific purpose of preventing price increases to the consumer. It now was felt that reimposition of controls is necessary to achieve the purpose intended by the payment of the subsidy.

The order, which went into effect today, means that no person may sell flour or bread made wholly or partly from western Canada wheat at a price higher than he was charging the same class of buyer at July 31.

Industrial Canada To Feel Rail Freight Boost Hardest

OTTAWA (CP)—Industrial Canada, with highly-developed waterway and highway transportation, will be mainly affected by a 15 per cent freight rate increase proposed by the railways.

The boost, effective Sept. 15, is provided in special traffic supplements issued by the Canadian National and the Canadian Pacific Railways and now in the hands of station agents of both lines.

COMPETITIVE FIELDS

It covers haulage of freight over areas where the rails meet competition by ships and trucks.

A spokesman for the Board of Transport Commissioners said the freight rate increase likely

will be felt particularly in Ontario and Quebec, but added the Maritimes and British Columbia, where both trucking and waterways transportation are involved also will carry some of the load.

The Transport Board spokesman said the 15 per cent competitive increase proposed by the railways should not be confused with their application last month for an interim 15 per cent general freight rate increase and a permanent boost of 20 per cent.

A general 21 per cent boost granted last April applied to all three classes of freight rate tariffs—standard, special and competitive.

The board spokesman said the railways are free to make a competitive rate boost in areas where competition had to be met.

Log Conciliation Board Sits Monday

VANCOUVER (CP)—A provincial conciliation board will sit here Monday to hear wage negotiations between British Columbia coast lumber operators and the International Woodworkers of America (C.I.O.), it was reported today.

Mr. Justice H. I. Bird of the B.C. Supreme Court will preside over the board which includes James A. MacDonald, a Vancouver lawyer representing the operators, and Harvey Murphy, miner's union executive, representing lumbermen's union.

Man-Made Earthquakes Used In Hunt For Oil

SANTA BARBARA, Cal. (AP)—Three oil companies are engaged in an exciting gamble off the Santa Barbara coast, using man-made earthquakes in an effort to find vast new sources of petroleum for the fuel-hungry United States.

Dull reverberations of a potent new explosive called EP-126 (nitrocarbonate) create shock waves as deep as 15,000 feet below the ocean bottom. Never before has man sought to pump

oil from rock cavities underlying the open sea itself.

The venture is costing the Shell, Union and Continental Oil Companies \$2,500 a day. In October, 13 concerns will pool their resources for a risky survey of the submerged lands from Point Conception to Point Estero.

If the analysis of complicated geophysical profile and contour charts shows that oil does exist under the floor of the Pacific, an even tougher problem lies ahead, that of extracting the fuel.

First B.C. Cattle Shipped To U.S.

VANCOUVER (CP)—Two carloads of Canadian cattle rolled south today, making the first movement from Vancouver since the lifting of the embargo on export to the United States.

Although the ban ended Monday, Great Northern Railway officials said the border was not opened until Wednesday.

At Abbotsford, brisk bidding by U.S. buyers resulted in another increase in beef prices. Beef sold from \$115 to \$180; milk cows, fresh, \$96 to \$195; mid-milkers, \$87 to \$140; heifers, \$62 to \$95; bulls, \$135 to \$185.

Doubts If State Can Run Ferries To Vancouver Island

Entry by Washington State into the ferry business is not expected to have any effect on the Victoria-Seattle service operated by the Black Ball Line of the Puget Sound Navigation Co.

George Paulin, Black Ball agent here, said today in response to an Olympia, Wash., report, that he doubted if the state had the authority to operate either of the two international runs now operated by Black Ball.

The Olympia report said that if the state enters the ferry business it "presumably" will operate one of the two international runs now served by the Puget Sound Navigation Co.

A spokesman in the Washington State Capitol said that although the State Toll Bridge Authority does not plan to operate between Seattle and Victoria, the state would operate the Anacortes-San Juan Island run and "presumably" would extend service to Sidney.

However, Mr. Paulin here questions the right of the state to do anything about the international runs. They do not come under the authority of the Interstate Commission at all, he said.

The Black Ball runs to Vancouver Island are made under international agreement and, in earlier state disputes over interstate ferry rates, were shown to be unaffected by the actions of Washington State.

Less Wheat Held

OTTAWA (CP)—The carry-over of Canadian wheat in Canada at July 31 amounted to 75,958,783 bushels, compared with 87,279,657 at the same date last year, the Bureau of Statistics said this afternoon. In addition, there was 34,652 bushels of Canadian wheat in the United States, compared with 87,000 at July 31, 1947.

The total of Canadian wheat in all North American positions at July 31, therefore, was 75,993,435 bushels, compared with 87,366,657 at the same date last year.

Plane Drops Food To Stranded Party

EDMONTON (CP)—The R.C.A.F. today reported it had successfully dropped supplies to four persons, including one woman, stranded on the Twilley River, 131 miles from Norman Wells, N.W.T. Two other Seattle men, identified only as Chase and Wilson, trapper Tom Conley and Mrs. Conley still are at the river.

Mediator Asks Action To Halt Truce Collapse

LAKE SUCCESS (AP)—The United Nations Security Council decided today to meet in urgent session on Palestine this afternoon at 2.30 p.m. E.D.T.

The decision was taken after the council received a request from Count Folke Bernadotte, U.N. mediator, for immediate action to prevent a breakdown of the Holy Land truce.

STOCKHOLM (AP)—Count Folke Bernadotte, United Nations Palestine mediator warned the Security Council today that the situation in Palestine is "gradually getting out of hand."

He added that it is doubtful whether the Holy City can be demilitarized in the near future.

Count Bernadotte, asking the council for prompt action to halt the renewed Arab-Jewish strife, declared in an interim report that the Arabs have accepted in principle the plan to disarm regular and irregular troops in Jerusalem.

"But the Jews, who stated

initially they did not exclude demilitarization, have shown no readiness to accept it up till now," he said.

Under these conditions it would be necessary to have a "strong and well-armed international force" to bring about demilitarization of the Holy City, the report said. Demilitarization of Jerusalem has been one of the mediator's primary aims in his negotiations with Jews and Arabs. His latest attempt to bring about a cease-fire failed to halt the fighting there.

Count Bernadotte's report expressed fear these clashes might bring about new full-scale warfare.

Coldwell Says Socialism Plan Minimum For C.C.F.

WINNIPEG (CP)—National Leader M. J. Coldwell told the C.C.F.'s biennial convention today the party's socialization program should be regarded as its "minimum proposals."

The plan, expected to be adopted as party platform later in the convention, calls for state or co-operative ownership of banks and such industries as steel and coal, gas, oil and electricity, and agricultural implement manufacture.

Mr. Coldwell, in a general introduction to the program preceding discussion of the detailed proposals, told some 300 delegates the party is not biting off more than it could chew in this proposed plan.

"We should avoid making promises which we might find difficult to fulfil," he declared. "What we adopt should be regarded as a minimum we intend

to carry out as time and circumstances permit."

As drafted by the national executive, of which Mr. Coldwell is president, the broad socializing program was labelled the "first term" policy of the C.C.F. on accession to federal power.

The question of time and circumstances, and that of "the manner of fulfilment," must be left by the party to the judgment of its parliamentary group, Mr. Coldwell said.

"To the extent that time and circumstances permit," he said, "a C.C.F. government will endeavor to interpret such proposals as you may adopt and apply them in the interests not of the C.C.F. alone, but in the interests of the Canadian people as a whole."

Mr. Coldwell said the socialization moves would not be restrictive on individual freedom.

75,000 Around Cathedral As Babe Ruth Funeral Held

NEW YORK (AP)—A crowd of 75,000 persons jammed the area of St. Patrick's Cathedral here today in a final tribute to Babe Ruth, king of baseball.

At a requiem mass in the Roman Catholic Cathedral, 6,000 persons knelt with bowed heads as Francis Cardinal Spellman prayed that the Divine spirit "that inspired Babe Ruth to overcome hardships and win the crucial game of life may animate many generations of American youth."

Governor Thomas E. Dewey and New York's Mayor William O'Dwyer, their heads bowed and eyes closed, sat in silent tribute to the man who rose from a Baltimore orphanage to undisputed monarch of the national sport.

Thousands stood outside the cathedral in rain as the body was borne from the cathedral between lines of honorary pallbearers headed by Governor Dewey.

The funeral cortege moved

slowly away for interment of the body in a receiving vault in Gate of Heaven Cemetery, Mount Pleasant, N.Y.

Thomas F. Mulligan, acting police commissioner, said 75,000 persons were crowded in the area between 46th and 56th streets and Madison Ave. and Avenue of the Americas at the time of the service.

Mrs. Joseph F. Flannely was celebrant of the High Mass for the great Yankee batter who died of cancer Monday night at the age of 53.

FAMILY PRESENT

The widow, Mrs. Claire Ruth; the two adopted daughters, Mrs. Dorothy Sullivan and Mrs. Richard Flanders; and the Babe's sister, Mrs. Wilbur Moberly, arrived early at the cathedral.

The list of those who filed up the wide grey steps of the cathedral read like the headlines of the sports pages—today's as well as yesterday's: Jack Dempsey and Connie Mack; Leo Durocher and Moe Berg.

B.C. Beauties Pass Up 'Miss Canada' Contest

HAMILTON (CP)—Thirty-six
beauty queens from cities in
every province but British Co-
lumbia and Prince Edward Island
registered here Wednesday for
the Miss Canada pageant.

Among the girls from the west
are Isobel Anderson, 18-year-old
brunette from Moose Jaw, Sask.,
who will visit the city hall to-
morrow to present Acting Mayor
Hugh McInture with a sheaf of
wheat and a bag of flour pro-
duced near her home.

From Winnipeg came Miss
Marilyn James, who received a
civic send-off Monday and then

confided to reporters that she
would "rather be going on a fish-
ing trip."

One of the entrants from To-
ronto, 20-year-old Tina Boddien,
indicated by her list of hobbies
that she is well equipped to be
a beauty queen. Besides skat-
ing and dancing, she says she
is proficient at the "art of self-
defence."

Others from the prairies are:
Ethel Christine Valgardson, 23,
Taber, Alta., blonde, 130 pounds;
Betty Jean Anderson, 20-year-old
brunette from Prince Albert,
Sask., and Elsie Barry, 19, a Re-
gina brunette.

'Missing' Man Victim Of Blast

TORONTO (CP)—A boiler ex-
plosion in an east-central apart-
ment building Wednesday killed
Fred Hawkes, 64, of Montreal. In
a nearby hospital doctors were
trying this afternoon to save the
life of Sydney Gibbs, 60, of
Toronto who suffered serious
head injuries and burns.

In a Bible at Hawkes' bed table
police said they found a Montreal
newspaper clipping which said
Hawkes had been missing from
his Montreal home since April 9.
Police said they believed
Hawkes and Gibbs, stationary
engineers, were draining water
from the boiler when the water

Charge Reds With 1,500 Mass Burial

BERLIN (AP)—The
United States military gov-
ernment's official German-
language newspaper charged
Wednesday the Russians had
buried in mass graves 1,500
Germans from the Soviet-
operated concentration camp
of Sachsenhausen.

The newspaper, Neue Zeit-
ung, said former prisoners
at the camp estimated 1,500
victims had died during the
first year of Soviet control.

and steam backed up into the
boiler and exploded. Both men
were blown 10 feet by the blast.
Sections of the boiler struck both
men on the head.

New Look Bringing Back Waltz On This Continent

By BOB THOMAS
HOLLYWOOD (AP)—The
waltz is taking over as the No.
1 American dancing pastime, re-
ports Hooper Gene Kelly. The
reason: Women's fashions.
"Girls can't juggle in new-
look gowns," Kelly said, "so they
have to slow down to a waltz."

RED HERRINGS

John Wayne is grouching about
Montgomery Clift getting the
spotlight in the "Red River"
publicity. "I like the kid a lot,"
said John, who now is in "Wake
of the Red Witch" (will he be
investigated because of these
titles?). "But I carry the pic-
ture on my back and give the
best performance of my career."
"Red River" is the original
bad-luck picture. Originally
budgeted for \$1,200,000, it ran
into bad weather, a pregnant
leading lady, etc., and wound up
costing more than three times
that amount. Now Howard
Hughes is suing to remove the
final scene, which he claims was
lifted from "The Outlaw." And
Wayne said it can't be released
until he gets the balance of his
salary. "Pay me or give me
back my face," he has told the
film's backers.

Ginger Rogers is already being
asked by fans if she and Fred
Astaire will follow up "Barkleys"
with more co-starters. Her an-
swer: "My next picture will be
with Lew Ayres (her ex-hubby)
and I will neither sing nor dance
in it. After that, who knows?"

ORSON'S ERROR

Orson Welles made a tactical
error (not his first) in not get-
ting his "Macbeth" to the
theatres before Sir Laurence
Olivier's "Hamlet." His film,
shot in 21 days, is bound to
suffer in comparison with Oliv-
ier's, made in 100 days plus.

CAPSULE REVIEW

"Rachel and the Stranger"
(R-K-O) is the type of film that
will bring folks back to the
movie theatres. It's an intelli-
gent, tasteful drama of an early
American farmer (William Hol-
den) who takes a bondswoman
(Loretta Young) as his wife. His
adjustment to her, aided by the
interference of a woodsman
(Robert Mitchum), makes a
refreshingly different picture.

All-Star Hockey Game For Chicago

MONTREAL (CP)—The 1948-
49 National Hockey League all-
star game will be played at Chi-
cago Nov. 3, N.H.L. headquarters
announced Wednesday.

This will be the second annual
all-star classic. The previous one
was in Toronto last Thanksgiv-
ing Day, when the all-stars won
4 to 3.

Coach of the all-stars who will
oppose the Stanley Cup cham-
pion Toronto Maple Leafs will
be Tommy Ivan, sophomore
coach of Detroit Red Wings.
Hap Day will mastermind the
Leafs.

10 Dodge Death As Mainland Bus Plunges 50 Feet

CHILLIWACK, B.C. (CP)—
Ten persons narrowly
escaped death Wednesday
when a Vancouver-bound bus
skidded from the highway
and dropped 50 odd feet over
a sheer cliff to railway tracks
below.

The accident occurred in the
Fraser Canyon at Alexandra
Lodge, 60 miles north of here.

Eight of the occupants suf-
fered injuries, but only two were
taken to hospital here. They
were Donald Kyle of Prince
George, B.C., and Marjorie Rich-
ards, 17, of Burnaby, B.C. The
other six suffered minor in-
juries.

The bus landed on the rails
at the entrance of a C.N.R.
tunnel.

Hiccups Woman Gets Many Letters

WAYNESBURG, Pa. (AP)—
Pauline Lucas has received an
estimated 8,000 letters and tele-
grams in the last 10 days—but
she still has the hiccups.

The deluge began after her
177-day hiccuping siege became
widely known. She's hiccuping
15 times a minute, "as regular as
clockwork," her physician said.

Miss Lucas, 31, has received
suggestions from all over the
United States as well as from
Canada and the British Isles.
Many of her well-wishers have
sent herbs, pills and strange-
looking medicines.

Body Of Wellington Man Found Shot

NANAIMO, B.C. (CP)—The
body of Gordon Brown, Wellin-
gton farmer missing since Mon-
day morning when he took his
rifle and walked off into the
bushland, was found Wednesday
by a searching posse.
A rifle wound caused death.

Urges Doctors Take Interest In Mental Welfare Of Workers

LONDON (AP) — A Canadian scholar said today that neither business nor medical leadership is doing much to make sure factory workers are healthy mentally.

Dr. William Line, psychology professor at the University of Toronto, told the international conference on mental hygiene a factory worker must feel he is learning and that he counts for something and must have a "feeling of belonging or of partnership."

"Business undoubtedly thinks

of itself as a form of government and tends to assume it is capable of taking on the responsibilities of government," he said.

Still, it considered its responsibilities were only to get out goods and provide an opportunity for work and investment. It was likely to neglect other things.

Dr. Line set this ideal for medical leaders:

"Complete neutrality in matters that do not directly concern us—production technology and business administration—but the absolute established right to scrutinize any aspect of policy that affects the lives and living of human beings."

Civil Servants Drop Hospitalization Plan

The B.C. Provincial Government Employees' Benefit Society will drop hospital insurance at the end of this year but will continue to provide medical services to its members.

This was announced today by R. G. Clements, president of the society, following a meeting of the directors here earlier this week.

With the advent of the government's compulsory hospital insurance scheme, the board of directors felt that it was advisable for the employees organization to vacate the field, said Mr. Clements.

"The members of our society will continue to receive the hospitalization coverage provided under our contract with them, up to and including Dec. 31, 1948, after which date the government program becomes operative," said he.

Since it came into operation more than four years ago, the government employees' plan has distributed several hundred thousands of dollars to doctors, nurses and hospitals on behalf of its members. It was one of the pioneers in mutual benefit health insurance in B.C.

Demonstrations Barred In China

NANKING (AP)—China's executive Yuan has announced an absolute ban on student demonstrations—denying even the right of petition; and on strikes or other labor actions that would hinder production. The order also permits search of private homes without warrants if there is evidence of "subversive activity."

More than half of the proved oil reserves of the United States are concentrated in Texas.

Berlin City Council May Issue Own Currency To Unravel Snarl

BERLIN (AP)—Berlin's city government may issue its own currency in an attempt to unravel the city's east-west monetary snarl.

The anti-Communist city administration announced Wednesday night it was debating two plans as a solution to the currency mix-up resulting from circulation here of rival eastern and western marks.

1. To issue an emergency currency for the city.
2. To make the western mark exclusive currency in western Berlin in order to overcome the difficulties caused by the Soviet Union's blocking of eastern mark

accounts in the city's western sectors.

In western Berlin both the eastern and western German currencies now are legal. In the Soviet sector only the eastern mark is valid.

Russia's blocking of these east mark accounts has made it virtually impossible for the city government and western sector firms to pay wages, because the west had directed that three-fourths of all salaries were to be paid in eastern marks.

On the other side, the Soviet-sponsored Socialist Unity Party (S.E.P.) has demanded "immediate and unconditional" removal of the western mark, the re-establishment of political, admin-

istrative and economic unity throughout all Berlin and the "tying of Berlin to its natural hinterland, the Soviet occupation zone."

STRONG LANGUAGE

Wednesday night the British Military Government condemned, in what an official spokesman described as "the strongest language yet used toward the Russians," a unilateral Soviet order dismissing the director of the Berlin Central Coal Organization.

The British statement said the order was "pernicious" and without legal basis and they could not "recognize this order nor any similar order which violates the constitutional rights of the people of Berlin."

Palestine Jews Profaned Christian Churches, Charge

JERUSALEM (AP)—The Latin patriarchate released today a report by the Vicar-General of Galilee accusing Jews of criminal acts against 12 Roman Catholic institutions in northern Palestine.

The report, by Monsignor Anthony Vergani, an Italian citizen, has been forwarded by the patriarchate to the Vatican Secretariat of State.

It alleged that seven churches, convents and hospices have been looted by Jews, and others seized by force.

Earlier, Jewish soldiers had been accused by the pastor of a Greek Catholic church in Jaffa of breaking into the church and carrying off religious objects.

In a letter to the apostolic delegate of the Vatican and other Christian leaders in Jerusalem, the pastor, Rev. G. Rizik, said:

"I bring to you my protestation against this odious crime. We have always heard loud declara-

tions on the part of the Jewish chiefs that they respect churches and religious heads. These acts do not correspond with these words."

Msgr. Vergani, on the basis of personal observation reported specific acts against Roman Catholic institutions, including the breaking of 15 doors of St. Peter's church and monastery and the "Papal flag torn down; the Benedictine Shrine farm at Taghna near the Sea of Galilee looted and fathers interned by Jewish guards, and the chapel of the Franciscan missionary at Tiberias profaned, altar overturned and statues destroyed.

Msgr. Vergani concluded his report by quoting Jewish authorities as saying irresponsible elements had committed the acts which prompted his complaint. But he added:

"We dare say now that it seems these irresponsible elements, if they are irresponsible, seem to be appointed for these purposes."

Farmer-Labor Co-operation Said To Be Need Of C.C.F.

WINNIPEG (CP)—Farmer-labor co-operation for getting the C.C.F. into power was stressed as a necessity today before the party's annual convention.

The C.C.F. National Council declared in its reports to the opening session that the old-line parties had tried to alienate both labor and farmers from the C.C.F. The aim of "monopoly capitalism" had been to "divide the people."

"Basically," the report added, "there is no conflict of interest between farmer and worker. On the contrary, they have common interest and, indeed, common enemies."

"Neither can achieve security while the other is insecure. The C.C.F. has shown that what is needed is a program which will protect both against exploitation by monopoly and provide both classes equally with the necessary guarantees of security and of democratic participation."

SEES NO DOMINATION

"The partnership and understanding which have been developed inside the C.C.F. are a guarantee that no one group in our movement will ever seek to dominate its policies or organization."

The report of the council, from national chairman Frank Scott and national secretary David Lewis, reaffirmed the C.C.F.'s opposition to Communism in the light of the red party's avowed support for the group in Canada.

The C.C.F.'s philosophy of democratic socialism, it said, is "distinct from and unalterably opposed to the totalitarian philosophy of Communism."

In a reference to recent federal by-election victories, the council's report declared this reflected "growing strength" of the party.

However, it added the party was weak in some areas—notably Quebec—and it also suggested the C.C.F. should begin organization work in Newfoundland, expected to join Confederation as a province early next year.

This declaration constituted the first public pronouncement from a Canadian political party of its intention to go after the votes in the Ancient Colony.

"We must," said the council, "begin to make contact with people . . . in the proposed new province of Newfoundland."

MEET EVERY TWO YEARS

Chairman Scott, in his opening address to the three-day gathering, said the fact of C.C.F. biennial gatherings was in striking contrast with the situation in the Liberal and Progressive Conservative parties.

"This year the calling of national conventions by the two other major parties reminds us how normal this event is for us and how exceptional it is for them," Mr. Scott said. "The purpose of their conventions is the choice of leaders. They have no tradition of democratic party control over party policy and organization."

The chairman added that the two big groups "have never believed that a political party should be directed and financed by its rank and file."

Later at today's session, the convention began dealing with a broad national socialization program.

(See story "Broad Socialization," page 12.)

B.C. Brands Recorder Retires After 35 Years

George Pilmer, provincial agriculture department brands recorder, Wednesday received from Agriculture Minister Frank Putnam, on behalf of the agriculture department staff, a purse on his retirement after 35 years' service.

His successor is Thomas Moore, who has been with the department two years.

Hastings Park Overnight Entries

VANCOUVER (CP)—Exhibition Park entries for Saturday, Aug. 21. (There is no racing Friday, Aug. 20.)

First Race—Claiming \$800, for three-year-olds and up, six furlongs:

6700 Maseo (Gooley) . . . 118

6698 Alma Dixon (Athey) . . . 116

6701 Touch Wood (no boy) . . . 103

6388 The Fiend (Moncrief) . . . 113

6677 Sir Fox (Bailey) . . . 115

6677 Tihan (Higbee) . . . 118

6684 Fairwinds (Martinez) . . . 111

6701 Ashes Only (Noffsinger) . . . 115

6663 Mio Grand (Pulver) . . . 113

6697 Epilog (Moncrief) . . . 115

Also eligible:

6684, Gals Maid (no boy) . . . 103

(6685) Caratus (Smith) . . . 113

6683 Bumbling Girl (Martin) . . . 115

6677 Red Chalk (Wilson) . . . 113

Second Race—Allowance \$900, for three-year-olds, six furlongs:

6680 Peggy Lane (Wilson) . . . 106

6689 Red Invader (Smith) . . . 118

(6690) Hyak (Moncrief) . . . 113

6671 Brighton Upton (Gomes) . . . 111

6677 Victory Bax (Martin) . . . 115

6699 Lily Destrer (Bailey) . . . 106

6638 Ruffetta (no boy) . . . 106

6688 Wallace Walter (no boy) . . . 121

6699 Mira Tryst (no boy) . . . 106

"Pacific Farms entry."

Third Race—Allowance \$900, for three-year-olds and up, six furlongs:

6670 Westy Hill (Wilson) . . . 113

6684 Guernsey (Noffsinger) . . . 120

6682 Pat Dwyer Jr. (Nelson) . . . 118

6683 Bandra (Bailey) . . . 120

6698 High Fox (Athey) . . . 115

(6715) Motor Boy (no boy) . . . 120

6685 Shastone (no boy) . . . 113

(6693) Away Nevada (Williams) . . . 120

Fourth Race—Allowance \$900, for three-year-olds and up, one mile and 1-16:

6670 Nalod (Johnson) . . . 115

(6676) Nez Beau (Bailey) . . . 115

6676 Parapup (no boy) . . . 120

6692 Whiskup (Moncrief) . . . 120

(6693) Gals Maid (no boy) . . . 111

(6702) Branchout (Gomes) . . . 113

6710 Scotch Lad (Martin) . . . 112

Fifth Race—Claiming \$800, for four-year-olds and up, one mile and one-sixteenth:

Get Seats In Alberta

Members of the new Legislature in Alberta will be J. Harper Prowse, Liberal leader, above, and Elmer E. Roper, C.C.F. leader, below. In Tuesday's general election one supporter of each was elected and at last reports the count in Beaver River constituency was incomplete, with indications the Liberal would win.

Englishwoman Quits Round-World Flight

MARSEILLE (CP)—Mrs. Richards Morrow - Tait of Cambridge, Eng., 24-year-old flying mother, today abandoned her round-the-world flight attempt.

She left Cambridge Wednesday in her light Proctor aircraft with 25-year-old Michael Townsend as her navigator, but her plane was damaged in landing Wednesday night. She may return to England to try again.

Weather

Weather synopsis and official forecast issued from the Dominion public weather office, Vancouver, at 9 a.m. Aug. 19, valid until midnight, Aug. 20:

Synopsis — Fresh Pacific air covers the entire province this morning following the disturbance which moved inland during the night. Although there will be some clearing this afternoon cloudiness is expected to be fairly general in most areas with temperatures below the late August normal. Another disturbance now moving into the Gulf of Alaska should bring rain to the northern areas of the province this afternoon and additional cloudiness to the southern coastal regions tomorrow.

Vancouver and vicinity, lower Fraser Valley and Georgia Strait — Cloudy and cool this morning with some clearing during afternoon. Clears tonight. Cloudy Friday with little change in temperature. Winds northwest 15 today decreasing to light by evening. Light winds Friday. Low tonight and high Friday at Vancouver airport 50-70, Abbotsford airport 48-72, Nanaimo 50-68.

Victoria and vicinity — Cloudy, clearing about midday. Cloudy tonight and variable cloudiness Friday. Wind southwest 15 increasing to 25 during the afternoon. Cooler. Low tonight and high Friday at Victoria 51-65.

West coast of Vancouver Island — Cloudy today and Friday. Winds northwest 15. Little change in temperature. Low tonight and high Friday at Estevan 52-62.

Three Bowmen Make City Starting Point For Adventure Trek

"Three Bowmen — Adventures Unlimited," a trio of San Francisco archers and big game hunters will arrive in Victoria shortly on the first lap of a 20,000-mile, eight-month trek across the country, it was learned today.

Maurice Charles, his wife, Nikki, and Leo B. Theroux Jr., who make up the adventurous party, carry no firearms and plan to subsist entirely by the use of bow and arrow. They will hunt game in season and predatory animals for bounty fees.

The party will visit Mayor Percy George and extend greetings from San Francisco's Mayor Robinson.

Their 20,000-mile route will extend across Canada, down the east coast of the U.S. to Cuba, then in Mexico, bringing them home about Jan. 1, next year.

Their experiences will be recorded in a book for a New York publishing firm.

Family To Celebrate Birthday Of B.C.'s Tiniest Baby Girl

LAKE COWICHAN — British Columbia's tiniest baby, at birth, will be one year old, Saturday, Aug. 21.

Proud parents, Mr. and Mrs. Albert Soderman, and their four other children, will celebrate the occasion, even if the honored young lady, cannot eat cake.

Grace Maureen Margaret Soderman, was named "Persistence" by the nursing staff of King's Daughters' Hospital, where she was born. It was a struggle for 20 ounces of humanity to fight a fight for life when one is born prematurely. The tiny mite was kept at hospital until January of this year.

Great credit is given to the attending doctor, Dr. C. H. Beevor-Potts and nurses, for bringing the baby through a critical time. Grace Maureen, now has two teeth, and is trying hard to sprout two top ones, for her birthday. She now weighs 13 pounds, 13½ ounces and is 25 inches tall. Her gain has been quite normal.

Born with dark hair, Grace now is very blonde. She bears a striking resemblance to her mother. Four other children in the family, are Edyth (Mrs. F. W. Crosskleg), June, Robert and William. The family now reside at Lake Cowichan. Former residence was at Mesachie Lake.

Will Appeal \$50 Fine

SEATTLE (AP)—For taking part in a demonstration outside the Legislature's un-American Activities Committee hearing July 19, Jerry O'Connell, vice-president of the Progressive Party executive board, was fined \$50 in municipal court today.

He said he would appeal the decision. The charge was disorderly conduct.

PRINCIPLE VERSUS EXPEDIENCY

PEOPLE OF THE WESTERN DEMOCRACIES who follow the affairs of China with a friendly interest will find little encouragement in reports that the new democratic constitution of that country may be shelved in favor of powers acquired by Generalissimo Chiang Kai-shek. A Nanking dispatch of the Young China Party newspaper, in the face of a government denial, charges that Chiang intends to resume rule of his country by absolute power, invoking special authority granted to him for use in national emergency. A more official news item from the same centre reveals that a strict ban has been placed on student demonstrations, with the right of petition denied. Private homes may be searched without warrants if evidence of "subversive activity" is believed to exist.

We would be reluctant to claim that a state of emergency does not exist in China, the economic, political and military situation there being what it is. And to that extent government by decree by China's leader might be defended from a legal standpoint. But the fact remains that the reforms promised in the constitution have not been generally implemented, especially that pertaining to land ownership, and many of the difficulties now plaguing the great country may be ascribed to this delay. The average Chinese, for instance, is said to have little regard for Communism as a philosophy; but it promises—and carries out—division of the land among the peasants, which is a welcome attraction for millions of land-hungry and tax-ridden rural dwellers.

Tightening of dictatorial control would not be likely to ease such a situation. The trust weapon against Communism—and this applies to any nation—is the removal of abuses which provide propaganda opportunities for those who would like to apply their own remedies at the expense of the beneficiary. Chiang's reported move, if it eventually, would gain him little at home in the way of peace and prosperity, and little abroad in the way of prestige.

CARPING CRITICISM

THOSE MEMBERS OF THE VICTORIA City Council who give a great deal of their time and thought to the paramount issues in which the taxpayers of this capital city of British Columbia are vitally concerned have every right to resent unintelligent criticism.

We have in mind, for example, the indefatigable labors of Alderman J. D. Hunter, who has burned a good deal of midnight oil in his consideration of the improvements to Victoria's streets, consequent upon the removal of the streetcar tracks. Because he suggested that it might be desirable to stage a little ceremony on the occasion of the reopening of Cook Street, he is taken to task by the morning paper—which suggests that "if it takes the city the same relative time to rehabilitate the trunk roads carrying the remaining five miles of streetcar tracks there won't be any time for cutting ribbons or making speeches."

It may be totally superfluous to stage any sort of ceremony for the carrying out of the project—an undertaking thoroughly understood by the taxpayers—but none assuredly would object to a public observance intended to register popular approval of a job exceedingly well done in the shortest possible time.

After all, only a relatively brief period has elapsed since the removal of the street railway tracks was begun; and since progress so far made has changed civic highway facilities so much for the better, carping criticism is not only unwarranted, but also an offence against public taste.

UNEASY TIMES

ALTHOUGH THE THOUGHTS OF THE average Canadian these days are filled with wars and rumors of wars, most individuals have little direct concern with any preparations for national defence in the event of a conflict. The people of this Dominion have never been hesitant about supporting a war effort when it finally became necessary. But in peacetime they prefer to put aside uniforms and training and indulge in civilian pursuits. The members of the active and non-permanent forces comprise a very small proportion of our total population, and participation is entirely voluntary.

It is interesting, then, to compare our situation with that in Britain, where the people can never entirely free themselves from a premonition that they will be in or near the front line of any global conflict that may occur. Compulsory peacetime military training, which was inaugurated in Britain for the first time in the Spring of 1939, a few months before Hitler decided to wage open warfare, is now an established procedure. And in addition, commencing next year, all men who serve their one year of conscripted training will be required to follow it up with six years' service in the Territorials—the militia units providing part-time training.

This is a far cry from the days when such national service was voluntary. It

represents a realistic appraisal of the condition of the world today and acknowledgment that, abhorrent as regimentation may be to free peoples, some temporary sacrifice may be necessary in order to safeguard the future. The words of Field Marshal Viscount Montgomery, who described these times as "more of a truce than a peace; it is a period of exhaustion, ill-described as 'peace,'" furnish the grim background for such a philosophy.

AN EASY WAY OUT?

IN OUR NEWS COLUMNS THE OTHER day we recorded the fact that Esquimalt's Reeve Thomas favored sweepstakes for hospitals. He is quoted as arguing that if the curative establishments of other countries could profit from the proceeds of a gamble, no reason existed why British Columbia should not follow the same procedure.

The head of the administration in the neighboring township may have good grounds for his argument. We still retain an open mind on the question. Our suggestion to Reeve Thomas, however, is that he produce for the edification of this community in particular, and for the people of British Columbia generally, the statistics upon which he apparently has based his contention.

We observe, also, that the Saanich Council has refused a grant to the Royal Jubilee Hospital to assist that institution in its financial difficulties. Again, moreover, we are told Councillor Passmore intimated to his fellow councillors that the British Columbia sales tax was going to exceed expectations by far, "so why cannot the provincial government aid the hospitals?" But is the government not the people?

By the same measure as that we are applying to Esquimalt's Reeve Thomas, therefore, it would seem fitting to suggest that Councillor Passmore explain to his own electors in particular, and the public at large, the source of his information about the prospective returns from the sales tax.

It is neither our wish nor our desire to question the sincerity of either the reeve of Esquimalt or one of the Saanich councillors; but, to employ the adage, glittering generalities butter no parsnips!

CUTS BOTH WAYS

OUR MORNING CONTEMPORARY SUGGESTS that the verdict in the Alberta general elections on Tuesday "shades still further the prospects of any widespread Liberal victory at the polls when a federal general election is called in Canada."

The foregoing may be considered an incomplete sentence. We propose to amend it by saying: The Alberta election "shades still further the prospects of any widespread Progressive Conservative victory at the polls when a federal general election is called in Canada."

To be sure, the Progressive Conservative Party, its board of strategy recognizing the state of the public mind in Alberta, used its political sagacity when it refused to enter any candidate. It knew that its ability to win a seat was out of the question. As we implied in these columns yesterday, however, the fact that the provincial Liberal Party and the Alberta branch of the C.C.F. high command chose to enter no fewer than 100 candidates did not prevent Mr. Manning from winning the day with another overwhelming majority.

But when the Colonist resorts to such specious arguments as that to which we have referred, it demonstrates its inadequate concept of the political trend of these times.

A THOUSAND TIMES NO

ON 27 OCCASIONS THE SOVIET REPRESENTATIVE to the United Nations Security Council has imposed a veto on action which has been desired by a majority of the Council members—the latest being yesterday when Russia turned down Ceylon's application to join the world organization. This compares with a couple of vetoes registered by France, and none by Britain or the United States. The clause in the Council charter by which each one of the Big Five nations must agree to a proposal before it may be carried out—a single "no" vote thus kills any motion even though all the other nations may be in agreement—has given the Soviet Union a powerful weapon with which to stall any action that does not appear advantageous to her.

In the matter of Ceylon's entry into the United Nations, it is not clear just why Russia refused the tiny country admittance. Whether the nation of 200,000,000 feared the effects of an adverse Ceylonese vote in future Assembly balloting, or whether she automatically votes "no" to every application by a non-Communist country to join the global body, we do not know. But the score now stands at 27—a significant total in view of repeated Soviet promises of co-operation.

Notes

Selfish prayer is better in one way. It is never lacking in sincerity.

Too many people seem to think the vow reads "to love, cherish and criticize."

If the orator likes sincere applause, let him say he has never faced a finer or more intelligent audience.

College professors delight in veterans. It is so refreshing to have pupils who are interested in education.

People always get along nicely, despite religious differences, if they sincerely practice the religion they profess.

Civilized people are those who look down on the barefoot, yet live in misery because their own abused feet are no longer normal.

Walter Lippmann

THE TESTIMONY BEFORE THE CONGRESSIONAL committees poses the question as to whether Soviet espionage in Washington during the war was as incompetent as it looks. For even if all of Miss Bentley's allegations were true, they would prove that the spy ring to which she belonged never penetrated the top secrets of the Roosevelt-Churchill diplomacy, of the high command, of the intelligence, and of scientific research. Compared, for example, with the brilliant achievements of our own espionage against the Germans and the Japanese, or with the Canadian affair, the Bentley spy ring on its own showing got nowhere near the heart and center of the real secrets of the war.

IF, THEREFORE, this was the main spy ring, we should have to conclude that the Russian intelligence service was remarkably inefficient. But with all their long experience with secret policy and spies and informers, and with all the opportunities open to them in war-time Washington, it is hard to believe that the Russians relied much on what an inexperienced woman like Miss Bentley could turn up for them. It is much more probable that the Bentley ring was one of those feeders of gossip, rumors, clues and fabrications which every intelligence service employs, but with caution—knowing that espionage of this type is not clearly distinguishable from a racket, and that people who make a business of being renegades and informers are quite likely to do just what Miss Bentley says she has done: to betray their foreign employers as they have betrayed their own countrymen.

THE EVIDENCE shows not only that this particular spy ring obtained no secret information of any consequence but that, such as it was, the F.B.I. broke up the ring three years before the Congressional committees went into action. This is a pretty good reason for thinking that Congressional committees are not equipped to perform the indispensable work of counter-espionage. To expose a spy ring three years after it was dissolved by the regular agencies of the government is rather slow work, and hardly reassuring that these committees are competent to deal with the problem of espionage. The record suggests that in a serious case involving secrets of state and American security, they would be able to do no more than lock the stable door with a bang after the horse had been stolen.

THE FACT OF THE matter is that secrecy is essential to counter-espionage. It is not true, as some have been saying lately, that publicity is the best weapon to combat the operation of a foreign secret service. These committees which use publicity, are extra-ordinarily unsuited to the task of detecting secret operations while they are in progress. For in order to make a public case they must expose their own sources of information: Once that is done, the committees can talk only about what may have happened. They can do nothing about what may be happening or may be going to happen. Thus if the whole Bentley story were true, it would still be nothing but a footnote to what is now ancient history, and the inquiry about what happened in 1943 to 1945 does not add one iota to the security of the United States in 1948. For the espionage which is being carried on today is not being carried on by Miss Bentley and her associates.

IT HAS BEEN ARGUED recently that though the injustice to individuals done in this inquiry is regrettable, the national interest is being served so well that it justifies the sacrifice of a few innocent persons. That argument is profoundly immoral. It is also profoundly unintelligent. For the injustice of the procedure is proof of its incompetence—if the inquiry cannot distinguish clearly the innocent from the guilty, then it is not clearly directed against the guilty.

THE SAFEGUARDS, entirely lacking in these committees, which the law provides for the protection of the innocent are integral to the procedure by which the law convicts and punishes the guilty. For the safeguards are designed to ascertain the truth, and when the safeguards, developed in the course of centuries under our law, have disappeared, the truth about the innocent and the truth about the guilty go down together.

THE OTHER DAY in a brilliant anti-Socialist book published in England, called "Ordeal by Planning" and written by John Jewkes of the University of Manchester, I found a passage from "The Times" of London which was written more than a hundred years ago. It is worth quoting and pondering:

"The greatest tyranny has the smallest beginnings. From precedents overlooked, from remonstrances despised, from grievances treated with ridicule, from powerless men oppressed with impunity, and overbearing men tolerated with complacency, springs the tyrannical usage which generations of wise and good men may hereafter perceive and lament and resist in vain. At present, common minds no more see crushing tyranny in a trivial unfairness or a ludicrous indignity, than the eye unformed by reason can discern the oak in the acorn, or the utter desolation of winter in the first autumnal fall. Hence the necessity of denouncing with unwearying and even troublesome perseverance a single act of oppression. Let it alone and it stands on record. The country has allowed it and when it is at last provoked to a late indignation it finds itself gagged with the record of its own ill compulsion."

Taking It On The Chin

Canada Found A Better Way

By BURTON S. HEATH From New York

AS THE SORDID story of Soviet spying unfolded before congressional committees, the customary outcry of protest was heard. The committees were accused of sensationalism, partisan politics, smearing, unfairness.

FIRST CLAMOR

Naturally, the first clamor came from those accused of selling out this country to Moscow. These had to talk fast to get ahead of the Communist Party, fellow travelers and party liners—who, in turn, had their heels trod on by the professional liberals.

It would be easy to dismiss protests on the basis that a stuck pig always squeals. But that wouldn't be the whole story. There have been indignant protests also from highly reputable anti-Communists, including some whose eyes are wide open, who realize that there is a very dangerous fire under all this smoke.

We are in no position to judge any individual accused by Miss Bentley, Mr. Chambers, Mr. Budenz or other ex-Communist witnesses. However, without putting the finger on any individual we have no slightest doubt that their stories, over all, are truthful and correct.

There was a Soviet spy ring

in Canada. It would be silly to imagine that there was none in this country. Over all, the Bentley-Chambers-Budenz story rings true. William W. Remington admits giving to Miss Bentley—assuming her to be a reporter, but with unforgivable indiscretion—super-secret information about our atomic project. Silvermaster testifies that Presidential Aide Lauchlin Currie helped him stay in key security posts after Naval Intelligence and the Civil Service had decided he was probably an O.G.P.U. agent.

DEMANDS PRECAUTIONS

This does not necessarily brand either Remington or Currie as a Communist or as a Soviet agent. It leaves the possibility that they were, nevertheless, dupes. In either case it demands thorough inquiry, followed by precautions to see that such persons are not given future opportunities to sell us out, deliberately or by stupidity.

It is important that every facet of the situation be explored. But the congressional committee method has become discredited. It publicizes the most serious charges before they are confirmed or disproved.

The accused, and some professional liberals, urge that the only

alternative is criminal action—that unless indictment and prosecution are justified nothing should be said or done. That is unthinkable to anybody familiar with legal quirks. The statute of limitations, rules against wiretapped evidence, technicalities devised by criminal lawyers to keep their clients out of prison make it impossible to convict many who are guilty of the most nauseating crimes against humanity.

What, then, is the answer? Canada found one. When it found an espionage ring at work a commission of eminent respectability was appointed. It was not hampered by the apron strings of court procedure, and could go after the truth. But it worked in secret, so that no man or woman was branded until the commission was convinced of his or her guilt.

SOUND PROCEDURE

We suggest that this would be sound procedure for us to follow. Such a commission should be of Supreme Court calibre, or better. It should consist of men of unquestionable integrity and ability in whom the President, Congress and the people have full faith. It should be given unrestricted powers, and left alone to do its job.

What Makes Henry Run?

From The Winnipeg Free Press

MR. HENRY WALLACE began his career as a Republican farmer, became a Democratic statesman, grew into something of a mystic and finally emerged as Russia's apologist in America. But in the latest phase of an extraordinary career he is becoming little more than a figure of fun—or perhaps a figure of tragedy.

DEEP OR NAIVE?

What has happened to Mr. Wallace lately is difficult to explain. To have reached his present position as leader of a Communist-dominated party, with a singing cowboy as his lieutenant and a band of windy fellow travelers as his brain trust, Mr. Wallace must be deep beyond the calculation of ordinary politicians or naive beyond belief. But if his behaviour is obscure, the behaviour of the men who are now running his party is as clear as the hammer and sickle on the Russian flag.

For a long time the Communist party of the United States has failed to make any progress. It could not hope for popular support so long as it was composed of a few obscure Americans acting on daily instructions from Moscow. When Mr. Wallace broke with a confused president to make his famous Madison Square Garden speech approving Russian policy, the Communists began to see where he could be

useful, as a front man with a substantial public following, inherited from the days of the New Deal. When Mr. Wallace took the irrevocable step of forming his own party and running for president the Communists moved into the party and captured its machinery.

KISS OF DEATH

Not only are the key positions in the party organization held by Communist sympathizers but the Communist party has officially endorsed Mr. Wallace for president. It will not run its own

Letter To The Editor

'COOK STREET, 1948'

I might suggest to Alderman J. D. Hunter that my old friend—often, almost, an enemy—Cook Street be now and hereafter known as Cook Boulevard. An admirable job is now almost completed.

For many years, I have avoided this thoroughfare, for good reason. This, ever since 1932, when I first came to Victoria. How wonderfully different now!

This old Yankee appreciates this.

ALLEN M. NOWELL.
Room 636, Empress Hotel.

Global Survey

By DEWITT MACKENZIE

Associated Press News Analyst
FEW things could so strikingly dramatize Communism's threat to freedom of the individual as the amazing case of Mrs. Oksana Stepanovna Kosenkina, the Russian schoolteacher who escaped from the Soviet consulate in New York by leaping from a third-storey window.

And now Sweden, of all countries, has a "Kosenkina" case!

North America had seen small countries communized by force. We had seen fearful purges in Red slave states. We had listened day after day to the Soviet's monotonous "nyet" (no) as the veto was hurled into the United Nations machinery. We had seen the brutal food blockade against the population of western Berlin.

TRAGIC STORY

But none of these important developments had brought home communism's threat to our way of life so forcefully as has the tragic story of Mrs. Kosenkina. Through her we have visualized how communism pursues the individual even unto death.

Russia has had the effrontery to accuse the United States government of having a hand in "kidnapping" Mrs. Kosenkina and two other Soviet schoolteachers in New York, Mr. and Mrs. Michael Samarin, who also have refused to return to Russia. Moscow "demands" that these unfortunates be turned over to the Soviet Union.

Meantime the "Swedish Kosenkina" case has broken, and is causing a sensation throughout that country. Lydia Makarova, a 19-year-old Russian girl who has been living in Sweden for four years, refuses to return to her native country despite repeated demands of the Russian embassy that she do so.

LEAVE HER ALONE

A Swedish foreign office spokesman states that the foreign office refused the requests and warned the embassy to "leave the girl alone." As in the American case, the Russians claimed that the young woman was being "kept prisoner."

Well now, the significance of this "Swedish Kosenkina" case lies in the fact that Stockholm has been punctilious in its efforts to maintain good relations with Russia. Sweden, of course, is sitting right under Russia's big guns and has to tread circumspectly.

However, the Swedes are jealous of their sovereignty, and they now are experiencing a dramatization of communism's threat to mankind's bill of rights. The Makarova incident in itself isn't world-rocking, but it could be the thing which would solidify public opinion against communism.

U.S. PLEASE NOTE

Windsor Daily Star
In retrospect it can be seen that if Canada's conduct of the spy case got away to a fumbling start, it was carried on afterward with relentless efficiency. In fact, it had the civil liberties people clamoring that the suspects were denied their constitutional rights.

The gravity of the situation that was exposed, however, warranted the procedures applied. And in the end the only guilty ones who escaped were the fleet of foot.

NO WONDER

Financial Post
The large proportion of unproductive labor in the British mines is a killing load. Yet when it tries to do anything to fix it, the government runs head on into hostile human nature, the blockade of tradition and the obstructionism of the trade unions.

And doubtless there is some truth to the complaint of a British miner in a recent letter to the editor of a British newspaper. He said: "No wonder we aren't getting production. There are so many ruddy officials around these days a chap has to look around every time he swings his pick so's not to bash a bloke."

UP TO THEM

Exchange
The Liberal Party—as against the outright socialism of the C.C.F. and the indirect statism of the Conservatives—has asserted unequivocally its belief in a free society. The passionate revolt against bureaucracy; the vigorous demand for the supremacy of parliament; the attack on government by regulation; the insistence on the utmost freedom for the individual under law all reaffirm the original creed of liberalism and defend it against current attacks from both right and left.

The mandate given to Mr. St. Laurent and his government is crystal clear. It will be for them to make it good.

Count Gives Social Credit 50 Of 57 Seats In Alberta

EDMONTON (CP)—Flushed still from Tuesday's triumph at the polls, Alberta's re-elected Social Credit government watched today to see under whose banner the weak opposition in the 11th Legislature might unite.

The government is solidly in power with 50 of the Legislature's 57 seats bagged. Liberals and C.C.F. have yet to learn who will form the official opposition.

Besides their leaders—Liberal J. Harper Prowse and the C.C.F.'s Elmer E. Roper—each party has one member elected. Beaver River constituency in northeastern Alberta today might produce another Liberal, giving Mr. Prowse the 3-to-2 strength to form the opposition.

Although the Social Credit candidate was leading in Beaver River, it was pointed out Liberal C. R. Belleville might defeat him in recounts caused by Mr. Lobay's lack of a clear majority. John Hannonchko, C.C.F., appeared out of the running.

BANFF RESULTS

Neither party stands to gain from the outcome of recounts in Banff-Cochrane, where an Independent Social Creditor, Arthur Wary, leads, followed by a Social Creditor and an Independent.

Complete counts Wednesday revealed the division of spoils in the five-seat Edmonton and Calgary constituencies. For the first time since Social Credit established its landslide election habits in 1935, the party acquired three of the five Edmonton seats.

Besides Premier Manning, whose 20,014 votes constituted an all-time Alberta provincial high, it won seats for Clayton Adams, former chairman of Alberta's Board of Industrial Relations, and Dr. Lou Hearn, Edmonton chiropractor.

Mr. Prowse and Mr. Roper complete the quartette.

J. Percy Page, leader of the 10th Legislature's official opposition and political chief of the Independent movement, went down to defeat, sixth in line.

CALGARY VOTE

Calgary's final slate showed

two Social Crediters on top, Mrs. Rose Williamson, who headed the poll, and Fred C. Colborne, former Air Force representative in the House. Re-elected were A. J. E. Liesemer, C.C.F., and H. B. Macdonald, Independent. Fifth in was H. J. MacDonald, Liberal.

As returns trickled in it became evident that about 25 candidates would lose their \$100 deposits for failing to poll one-fifth of the total vote of the winner of their seat. C.C.F. campaigners were the chief sufferers, nearly a dozen appearing headed for forfeiture of their deposits.

Green Being Wooed With Attractive California Offers

Fear that the work of Lou Green, Port Alberni man currently attracting hundreds of B.C. arthritis sufferers with his method of treatment, will be lost to this area was expressed by members of the Esquimalt Branch of the Canadian Legion at a meeting Wednesday night.

An official stated that California interests, apparently with ample financial backing, are wooing Green with offers of complete freedom and facilities in the vicinity of Los Angeles.

The branch passed a resolution expressing disappointment that the results of the recent government inquiry into Green's treatments have not been made known, and suggesting that another inquiry, open to the public, be held.

During the inquiry, held in Port Alberni, Aug. 11 to 15, 35 persons, alleged to have been cured by Green, were interviewed.

At Wednesday night's meeting, several legion members told of relief they had obtained from Mr. Green's treatment.

Another resolution was passed at the meeting approving the stand recently taken by Reeve A. I. Thomas of Esquimalt, favoring the holding of hospital sweepstakes.

Canadian Employment Grows At Rate Of 100,000 A Year

OTTAWA (CP)—Employment in Canada is being maintained at a high level, the Bureau of Statistics reported today.

A survey conducted during the week ended last June 5 showed almost 5,000,000 Canadians had jobs. The exact figure was 4,948,000 of a total "working force" of 5,030,000. That left 82,000 out of work.

The employment total—3,876,000 men and 1,072,000 women—was an increase of 127,000 over the figure for the same week of 1947. The number of jobless persons was 80,000 less than in mid-February and 10,000 less than at June 1, 1947.

ONLY EXCEEDED ONCE

The working-force total was the second highest on record. The peak was in mid-August last year, when 5,080,000 Canadians were either employed or seeking jobs.

Statistics indicate total Canadian employment is growing at the rate of about 100,000 a year, the bureau said. Employment in the prairie provinces and the Maritime provinces "seems to be relatively stable, but there is a

marked upward trend in the other regions."

The June 5 estimate of 4,088,000 persons not in the labor force included about 2,904,000—71 per cent—keeping house. Another 583,000—14 per cent—were going to school.

Agricultural employment early in June was 1,186,000, "mainly because of the seasonal increase in farm activities." The figure was about 25,000 higher last year.

Employment in industries other than agriculture climbed from 3,704,000 in mid-February to 3,762,000 in the first week of June.

HIGHER IN B.C.

On the prairies 981,000 persons were employed at June 5 this year compared with 972,000 in 1947 and 1,007,000 in 1946. In British Columbia this year's figure was 426,000 compared with 414,000 the previous year and 374,000 in 1946.

Percentage of unemployed in the prairie provinces for the three years starting with this year was 0.8 compared with 0.9 last year and 1.5 in 1946. For B.C. it was 2.3, 2.1 in 1947 and 3.4 in 1946.

For all Canada 1.6 per cent of the working population was unemployed at June 5 this year compared with 1.9 in 1947 and 2.6 in 1946.

Baby's Heart Stopped But Action Restored

VANCOUVER (CP)—A mother here now knows why hospital attendants last May 13 spoke of her infant as a "miracle baby," it was revealed Wednesday.

Trudy was born to Mrs. Margaret Nystrom with "RH" antibodies active in her blood.

During post-natal surgery when the RH-laden blood was replaced by "replacement transfusions" the infant's heart stopped for five minutes, and her respiration for 30.

Trudy was delivered by Caesarian operation.

At the height of the operation her heart stopped and respiration ceased. To all appearances the child was dead.

Adrenalin brought the heart back into motion, the operation was completed and the child placed in an incubator.

It was 30 minutes before respiration resumed.

IRON LUNG CASE

LOS ANGELES (AP)—A child was born Tuesday night to a mother confined by infantile paralysis to a respirator, or "iron lung," and general hospital doctors said today the condition of both is favorable.

Hospital attendants said it was the first recorded time that a baby had been born by Caesarian section to a mother confined to a respirator. There have been other instances of normal births under these circumstances, they said.

Plumbers' By-law Before City Council

By-laws before City Council for passage include one requiring applicants for registration cards as master plumbers to have spent at least three years as a journeyman.

The same by-law includes the use of "No-Co-Rode" pipe in sewers within private properties.

A streets traffic by-law provides for the erection of stop signs at the south side of Raynor Avenue, Pine Street and Belton Avenue.

A third by-law authorizes the exchange of tax sale lands of the city at the east side of Bridge Street between Ellice and Garbally Roads, for land on the north side of David Street between Bridge Street and Rock Bay Avenue, to be used for general purposes by the city.

Report Materials Stolen From House Under Construction

Materials for a house under construction were reported stolen to police by A. K. Price of 749 Broughton Street. He said 27 window sashes and 17 doors, totaling \$200 in value, had been stolen from a house which is being constructed on Thurlow Street.

A. A. Cordrey of Government House reported a pair of sunglasses valued at \$12, two tins of cigarettes and several notebooks had been stolen from his car, parked on McClure Street, Tuesday night.

Injuries Prove Fatal For Youth

UNION BAY—Injuries suffered five days ago in a logging accident at the Beban Logging Co. operation, near Buckley Bay, proved fatal for 22-year-old Donald Walker Renwick. He died Wednesday in St. Joseph's Hospital, Comox.

Renwick was struck by a falling tree which hit a knoll and bounced back toward the stump where he was standing. It slid over the stump and struck him. A coroner's inquest will be held Monday.

Boy Bon Vivant

PAIGNTON, Devon, Eng. (CP)—A 12-year-old boy, remanded for a medical report at Paignton juvenile court was said to smoke 30 cigarettes a day, to be fond of lobsters and to have "just started buying liquor." "He is one of the worst problems we have had," the court missionary said.

Montreal Disappointed E.R.P. Not Bringing More Shipping

By CANADIAN PRESS

In Montreal, where 16 miles of sprawling docks make the St. Lawrence River harbor the biggest inland port in the world, there is disappointment that the great aid-to-Europe plans have not given to business along the wharfs the impetus that was anticipated.

Still business is not so bad. Harbor officials say it has increased fractionally over 1947. By mid-August approximately 1,980 ships had entered port as compared with 1,850 for the same period last year. Ocean vessels numbered 521 against 502 for the corresponding period, coasting vessels were 270 against 235 and inland ships, 1,189 against 1,113.

GRAIN SHIPMENTS

Grain shipments have been considerably lighter, but the Grain Board, basing estimates on recent handlings, predicts total loadings for the year will be between 60,000,000 and 70,000,000 tons. Last year 67,000,000 tons were loaded.

By mid-August 31,137,000 tons had been loaded in comparison with 40,078,000 tons for the same period last year.

Grain board officials were unable to say to what extent local traffic was being affected by diversion of grain shipments to Churchill, Man. A spokesman for the port's rail traffic department, however, said the diversions were having "a noticeable effect on railway grain handlings." "Our figures are lower this year and the big reason is diversion of grain to Churchill," he said.

MARKETS WEDNESDAY

Trading continued light on the New York Stock Exchange Wednesday with gains and losses about evenly balanced. At Montreal and Toronto, stocks moved mildly ahead during quiet dealings.

Winnipeg oats and barley prices took on an easier tone on selling and liquidation on the Winnipeg Grain Exchange.

Grains, soybeans and lard backed down under steady selling on the Chicago Board of Trade. All soybean and lard contracts reached new seasonal lows, as did December corn.

Cotton futures turned heavy at New York in late dealings. Final prices were 10 to 85 cents a bale lower.

Indonesians Break Off Negotiations With Dutch Envoys

BATAVIA, Java (AP)—The Indonesian Republic on Wednesday broke off all negotiations with Netherlands delegation at a conference under the auspices of the United Nations Good Offices Committee.

The Republican delegation notified the commission of the decision in a letter which said all documents of the Republican Security Committee had been confiscated by Netherlands police after a shooting incident at the Republican "national home" here Monday night.

In addition, the letter said, Lt. Col. Speckard, who witnessed the shooting incident in which a policeman and a Republican youth were slain, was not permitted to leave the premises to attend a sub-committee session of the security committee.

The shooting affray occurred as police broke up what they called an "unauthorized" independence eve celebration.

Toronto Cattle Prices Level Off

TORONTO (CP)—Cattle prices on the Toronto livestock market appear to have leveled off, with increases ranging from 2½ to 6 cents a pound over the level prevailing before restrictions on export of cattle to the United States were lifted Monday.

American buyers were accounting for only a small amount of cattle sales.

A spokesman for a packing company said it might be two weeks before increases in livestock prices were reflected in retail meat prices.

ARROW FURNITURE
CO. LTD.

1321 GOVERNMENT ST., between Yates and Johnson E 8024

Tonight we dare you to wash your glassware last!

JUST FOR FUN—TRY IT ONCE! SEE HOW DIFFERENT DREFT IS! DREFT MAKES GREASE VANISH—DISHES SHINE—ASINO SUDS EVER COULD BEFORE!

Just once—and just for the fun of it—wash your pots, pans, and dishes in Dreet first, and wash your glasses last. You'll be astonished—for Dreet does what no suds could ever do before! Your glasses will rinse so clean, so free from grease that they'll shine—even without wiping!

MORE EFFICIENT SUDS

Dreet makes an entirely different and more efficient kind of suds. Suds that make grease vanish from pots, pans, dishes—and dishwater—as never before! There's none of that "greasy feeling"—and notice how good your hands feel, too. Buy a package of Dreet, and start enjoying this far better way of doing your dishes today!

Dreet makes glasses Shine
—even without wiping!

Personal Notes

Mrs. Gwen Spencer Hethey is spending a few weeks in Seattle, the guest of Dr. and Mrs. S. C. Magunson.

Mr. and Mrs. Len Acres have returned to their Beach Drive home following a three-week motor trip to California, where they visited friends in San Francisco and Los Angeles.

Mr. and Mrs. Stanley Hunkin and their daughter, Hillary, are here from Oaklands, Calif., to visit Mrs. Hunkin's parents, Mr. and Mrs. George Guy, Belton Avenue.

Thirty members of the Athena Club of Oak Bay United Church held a social gathering and tea at Olde England Guest House Tuesday afternoon. Mrs. J. H. Britton, president, presided at the tea urn.

Mr. and Mrs. E. B. Beattie of 625 Victoria Avenue have as their guest Mr. and Mrs. Carnegie of Hamilton, Ontario, and Mr. and Mrs. W. P. Scott and Mr. and Mrs. Maurice Lane of Kelowna.

Mrs. H. Williams has returned to her home at 419 John Street following a week's visit in Seattle, Wash., where she was the guest of Mr. and Mrs. F. Keating. While there, she also visited the Seattle Lodge, Daughters of St. George, No. 172.

Mr. and Mrs. Carl Bell, the former Joan Hawkins of Victoria, with their young son, Carey, motored from their home in New York to spend a holiday with Mrs. Bell's parents, Mr. and Mrs. W. E. Hawkins of William Head, and to join their daughter Sharon, who has been with her grandparents since the spring. Mr. Bell who flew east again on business will return on Labor Day for a two-week visit, following which the family will motor back to New York.

Lieut. Ian A. McPhee, R.C.N., and Mrs. McPhee, the former Elizabeth Adams of Victoria, arrived from St. John N.B., on the afternoon boat from Vancouver Wednesday to stay with the latter's parents, Mr. and Mrs. F. Clifford Adams, at their home at Sidney. They visited Lieut. McPhee's parents, Judge George W. McPhee and Mrs. McPhee, in Moose Jaw, Sask., en route to Victoria, here Lieut. McPhee has been appointed to H.M.C.S. Ontario.

The infant daughter of Rev. and Mrs. Hywel J. Jones, wearing a christening robe more than 100 years old, received the names Margaret Lindsay at a baptismal service in St. John's Church, Colwood. Rev. Roy Melville read the christening service while Mrs. E. Malcolm and Mrs. C. Cooke, both of Victoria, were godmothers and Capt. M. Burbridge, godfather. A reception was held at the vicarage, following the christening. The christening cake was daintily decorated in pink and white and Mrs. E. M. White and Mrs. Burbridge poured tea.

688 YATES E 5521
Just below Douglas

Solarium Junior League members, including, at left, Miss Peggy Wharton, past president; Mrs. Graham Harris and Mrs. George Laird, far right, take time out from serving tea to chat with their representative on the board of directors, Mrs. H. B. McClung.

Little Irma Williams presents Deputy Provincial Secretary R. A. Pennington with a carnation boutonniere on his arrival at the Solarium. Mrs. Pennington, who received a corsage bouquet of scarlet carnations, and Mr. Mayhew smile their approval.

Many Visitors Welcomed To Solarium 'At Home'

Smiling faces of youngsters, many of whom were confined to beds, greeted visitors to the annual summer party at Queen Alexandra Solarium for Crippled Children, Mill Bay, Wednesday afternoon.

Logan Mayhew, president of the Solarium board of directors, with Mrs. Mayhew welcomed guests.

Also in the receiving lines were Mrs. R. D. McCullough, vice-president; Mrs. G. W. Massey, representing Solarium women's auxiliaries on the board; Mrs. E. Glover, representative of women's institutes, and members of the board of directors and their wives, Mr. and Mrs. Robert Cheyne, Mr. and Mrs. George Brown, and Mr. and Mrs. G. I. Edgelow.

The affair was opened promptly at 3, by Deputy Provincial Secretary R. A. Pennington, who commented upon the cheerfulness of the children, each with their separate burden to bear. He also spoke of the wonderful work accomplished at the Solarium and pointed out that it was now in its 21st year of operation.

Miss S. Dorothy Andrew, lady superintendent, and assistant administrator, with Dr. Glenn Simpson, medical superintendent, and T. W. S. Parsons, administrator, received guests as they toured the buildings and grounds.

Of interest was the handicraft display featuring articles made by the children, which included dainty crocheted dollies, small leather purses, picture frames, belts and a small model train of wood.

There was also a splint display showing a celluloid jacket for tuberculosis spine, celluloid right angle foot splint, a knee brace with locking knee device and many other splints, all made by a former patient.

Three new cottages under construction by the Gyro Club, to house graduate nurses, were inspected by visitors, under guidance of P. D. P. Holmes. One of the cottages, now ready for occupation, featured a fully appointed kitchen, living room, and bedroom.

The buildings, costing about \$78,000 will be expected to accommodate 18 nurses, the former

nurses' residence to be used entirely for nurses' aides.

Afternoon tea was served to guests on the lawn by members of the Solarium Junior League, while the youngsters were given popcorn and ice cream.

General convener of the Solarium "at home," was Mrs. H. B. McClung, aided by Dr. J. D. Hunter, Mrs. W. Curtis Sampson, and Mrs. E. Clayton Peters, secretary to the board. Special guest was Mrs. W. Peden, honorary vice-president.

Margaret McKay Weds R. Tuthill

St. Matthias' Church: was the scene of an attractive afternoon wedding Wednesday, when Rev. K. L. Sanderoock read the nuptial service which united Margaret McKay, daughter of Mr. and Mrs. L. C. McKay, formerly of northern Ontario and now of 1153 Burdett Avenue, and William R. Tuthill, son of Mrs. David H. R. Tuthill and the late Mr. Tuthill, 321 Robertson Street.

Given in marriage by her father, the bride wore a white ivory satin gown of Princess line slenderness, with sweetheart neckline, lily point sleeves and full skirt. Three rosettes of satin clung to the softly flaring skirt front.

A shoulder-length veil was held by a lace halo, trimmed with orange blossoms. The bride wore as her only jewelry, a wrist watch, gift of the groom, and carried a cascade bouquet of red roses.

Mrs. P. Sexsmith, her sister's matron of honor, wore a gown of robin's egg blue tulle with colonial made halo and mitts to match. Her bouquet was of yellow roses.

Robert D. Tuthill was best man. Following the ceremony a reception was held at the home of the bride, where the mothers of the young couple assisted in receiving guests, before the fireplace. Gladioli and snapdragon decorated the reception room. A two-tiered wedding cake, flanked by pale yellow tapers, centred the

"My name is Bobby Clarke," and "I'm Brian Douglas McLeod," the small lads, left to right, tell Mrs. George Brown, left, and Mrs. G. I. Edgelow, wives of directors.

Six-year-old Gordon Dunn, who has been a patient at the Solarium for a year and a half, smiles his welcome to Mrs. R. D. McCullough and G. I. Edgelow.

bride's table. The best man proposed the toast to the bride.

For her traveling costume, the bride chose a powder blue suit with white accessories and a corsage bouquet of gardenias. On their return from a honeymoon to be spent at Lake Wilderness near Seattle, the young couple will reside at 601 Cook Street.

Engagements

Announcements to appear under this heading will be accepted at the Times Advertising Department. Minimum charge \$1.50 for 10 lines and 15¢ for each additional line.

Mr. and Mrs. R. E. Stanley, Clondonald, Alta., wish to announce the engagement of their daughter, Edith Pearl, to Victor Mandryk, Regina, Sask. The wedding will take place on Sept. 4, 1948, at 3.30 p.m., at Christ Church Cathedral, Victoria, B.C.

Miss I. Shillabeer, member of the Victoria Yacht Club and Miss N. Burke were co-hostesses at a shower tea at the Yacht Club, in honor of Miss Helen Yearwood, who is to be married in Calgary this month. Mrs. G. Richmond, aunt of the bride-elect, presided at the tea table. Guests were: Mesdames A. W. McCaskill, K. Robinson, T. Bradley, J. Bunton and the Misses Laura and Lucy Cherry, A. McNeill and P. Driver.

Do This For Wrinkles!

If you have premature fine lines and wrinkles, you can make them far less noticeable by using the new Saxolite Astringent Cream. This marvelous cream temporarily tightens and firms the outer layer of the skin surface, and tends to close up and pull together these flaws to your charm. You may not believe your eyes when you look in your mirror. Before going out socially, apply Saxolite Astringent Cream as a powder base and gain the confidence of greater complexion beauty.

Guides' Experiment
In U.N. Living
A Big SuccessCOOPERSTOWN, N.Y. (CP)—
At a 40-tent camp here 50 Girl
Guides and Girl Scouts from
Canada, Brazil and the United
States are learning to live in a
spirit of international unity
despite language barriers.Assembled for the Girl Guide
and Girl Scout world conference
which ends Aug. 23, the girls,
who range in ages from 16 to 21,
have found friendships at the
camp almost instantaneously.Typical of the comment was
that of Donna Jean Haley of
Windsor, Ont., who said that
living in the camp where three
languages, English, French and
Portuguese, are spoken freely,
has shown her how "suspiciondisappears as soon as people get
to understand each other."
In the camp, Canadian Girl
Guides and Rangers, Brazilian
Girl Scouts called "Bandeirantes,"
—after the pioneers who first ex-
plored their country—and United
States Senior Scouts, mingle in
each of the 10 living areas—
living and working closely
together.As for quick friendships, Molla
Whiteman, United States Senior
Scout of Mohall, N.D., and
Phoebe Warren, a Girl Guide of
Birtle, Man., got to camp to find
that they were tent-mates and
that they live only 150 miles
apart. Now they have arranged
for Miss Warren to bring her
whole Guide company this fall to
Mohall, which has 80 G.I.C.L.
Scouts, for an overnight stay and
an "across the border" rally.One Canadian Guide, in com-
plimenting the Brazilians, said
that they are "wonderful cooks
and... so gay." The Brazilians
in their native costume, are
among the biggest hits of the
nightly campfires.All the campers have learned
the Portuguese words and the
tune of at least one Brazilian
song.

Woolens For Children

Mainland Residents Visit Daughter

Mr. and Mrs. H. E. Wilson of Vancouver are spending a
few days in the city with their son-in-law and daughter,
Mr. and Mrs. E. D. S. Hopkins. They are pictured above
with Mrs. Hopkins and baby David.Personal
NotesMrs. Mervyn Hurley and her
two children Wanda and Douglas
arrived in the city by plane from
their home in Sault Ste. Marie,
Ont., and are guests of her sister,
Mrs. Doris Calton, 144 Howe
Street. Mrs. Hurley, who is the
former Olga Pinnington, will
visit other relatives in the city
before returning east.Urges Art Hobbies
For HousewivesMONTREAL (CP)—Stella
Holden Ireland of suburban West-
mount is urging young house-
wives to take up a hobby or two
in some particular form of art
in which they have talent.Although Mrs. Ireland has
two children—Audrey, 10, and
Peter, six—she finds time to
practice sculpturing under the
tutelage of Albert Zucca, well-
known Montreal sculptor. Before
coming to Canada she won two
art scholarships in her native
England.Audrey and Peter have found
their hobbies already. Audrey
has worked as a child model and
taken part in plays; Peter, who
discovered an aptitude for
music, has been taking piano
lessons for four months.50 Y.P.U. Members
At Beach PartyMore than 50 boys and girls,
members of the Vancouver Island
Presbytery Young People's Union
attended the fifth of a summer
series of beach parties, Tuesday
evening at Mount Douglas.Centennial Young People's
Union had charge of arrange-
ments with Dick Hall as con-
vener.The annual fall rally will be
held in Nanaimo Sept. 18 and 19,
S. Gung, president of the Presby-
tery Y.P.U. announced. The next
summer activity will be held Aug.
31 at "Cedar Echo," the summer
home of Torrey McCall at Pros-
pect Lake.

Juliana At 39, Well Trained
To Rule Dutch EmpireTHE HAGUE (AP) — A
younger head will carry the
crown. Stronger hands will bear
the sceptre. Juliana, Princess of
The Netherlands, will assume
next month the heavy burden for
which she has been preparing all
her life.The retirement of Queen Wil-
helmina takes place Sept. 4. On
that day Juliana will take her
first drive through the capital
city, Amsterdam, as Queen. Two
days later her official investiture
will take place in the
"Nieuw Kerk.""The child," as the Dutch still
call their 39-year-old Princess,
will become Queen. She will suc-
ceed weary, ailing and revered
Wilhelmina, a constitutional
ruler of an empire of 60,000,000
people.Juliana was born in the Royal
Palace of The Hague on April
30, 1909, only child of Wilhelmina
and her consort, Prince Henry of
Mecklenburg-Schwerin. She was
baptized Juliana Louise Emma
Marie Wilhelmina, Princess of
Orange-Nassau, Duchess of
Mecklenburg.Juliana had a strict upbringing,
but she enjoyed a family life,
too. From her earliest years,
there was emphasis on lan-
guages and the sciences. She
studied voice and violin. Al-
though not an ardent sports-
woman, she enjoyed ice-skating
and later took up tennis.Soon after her 18th birthday,
the heiress apparent entered
Leyden University as "Miss Van
Buren." Her four university
years were among the happiest
of Juliana's life. She made lots
of friends and insisted on being
called plain "Julia."RUMORS APLENTY
All through this period engage-
ment rumors flew thick and fast.
But in the mid-30's, with Juliana
getting into the mid-20's, she met
a young German, Prince Bern-
hard of Lippe-Biesterfeld.They were married Jan. 7, 1937.
Prince "Benno," it was obvious
then and now, was a good choice.
Two years her junior, he is tall,
athletic and blue-eyed. A gay,
reckless young man who used to
be a "furious" driver of auto-
mobiles, he completely won the
stern heart of his mother-in-law.During the war, he fought in the
field to the last ditch of resist-
ance against the Nazis and then
fled to London. There he served
as the Queen's aide-de-camp.Their first child, Princess Bea-
trix, was born a year after their
marriage. Their second, Irene,
arrived in August, 1939, and was
still only weeks old when the
Queen followed the advice of her
ministers to flee from the Nazis
with her family and set up a
London government-in-exile.Long Skirts Mean
Short Jackets,
Say FurriersLONDON (CP) — Furriers,
pondering the next change of
fashion, are in a dilemma.They don't know whether
skirts are going to become
shorter again, or whether they'll
remain as long as ever. But the
fur coats have to be made, and
on the accuracy of the furriers' guess hinges a great deal of
money.The longer the woman's skirt,
the longer her fur coat. But on
the other hand, if skirts become
too long, fur coats are likely to
become much shorter for the
simple reason that the weight of
skins will be a difficult problem,
while too great length becomes
clumsy.Leading furriers in Britain al-
ready report a return to popu-
larity of hip-length and finger-
tip-length jackets because many
women do not like the look of
long coats which now are more
or less stabilized at 12 inches
from the ground. These long
models require back fullness of
two or three folds.The first meal in the air was
eaten in 1783, when a man and a
woman went aloft in a balloon.English

ON "Velvet" WITH Carnation

SOLID LITTLE FELLOW! Carna-
tion babies are really "on velvet" ...
with Carnation.

Carnation Milk is so good for them
... first, because it is as nourishing
as milk can be; second, because it is
heat-refined and homogenized,
making it easy to digest; third, be-
cause the vitamin D has been in-
creased to 400 units per pint; and
fourth, because it is sterilized for
absolute safety.

No wonder that so many babies to-
day are getting Carnation Milk
formulas. It's the milk every doctor
knows.

WRITE for "Your Contented Baby"—a
free, 36 page book of helpful suggestions
on baby care, with recipes. Address
Carnation Company Ltd., Dept. N19,
Toronto or Vancouver.

Aspirants To Title Of 'Miss Canada' All Boast Talent

HAMILTON (CP) — Talent takes top billing with the bevy of beauty queens ready to don scanty swim suits to battle for the 1948 Miss Canada title—though the judges may see it differently.

The 36 contestants from seven provinces were somewhat reticent about their physical qualifications at official registration time Wednesday. Perhaps they realized these will speak for themselves at the judging Friday night. But all were emphatic about their talents.

They listed everything from singing, dancing and sports to ventriloquism and that are of self-defence in the space where the registration form asks "what can you do?"

Officials of the three-day pageant explained the crown will be decided on points—with beauty, talent and personality all counting.

With the crown, go scholarships worth \$10,000.

HOBBO KING HAS HIS PORTRAIT PAINTED—Jeff Davis, left, King Emperor of the Knights of the Road—hobbies to you—poses with his new portrait in Cincinnati, where the Knights held their annual convention. The artist, Walter TenBrink, right, is himself a former hobo. The Knights claim 1,028,000 members, including 110 grand dukes, 80 grand duchesses and 40,000 hobo-ettes.

Trades Council Asks Health Insurance, Compulsory Voting

The Victoria and District Trades and Labor Council will ask endorsement by the Trades and Labor Congress of Canada convention here in October of resolutions demanding compulsory voting, higher income tax exemptions, national health insurance and other reforms.

The council, meeting Wednesday night, dealt with a dozen resolutions to be forwarded to the convention which opens here Oct. 11. An attempt to have the congress consider a resolution that it swing its weight behind the C.C.F. was rejected.

The demand for the compulsory vote grew out of an earlier resolution asking an educational campaign for voters. This was retained.

The congress will be asked to back the council's demand for income tax exemptions of \$1,000 for single persons, \$2,400 for

married persons and \$400 for child dependents.

Pending action by the federal government, pressure for hospital and medical plans will be asked of the congress in the health insurance resolution. British Columbia and Saskatchewan won the council's praise for launching hospital insurance plans.

Other resolutions asked:

1. Escalator clauses in labor agreements to meet the rising costs of living.
2. Building in Canada of all ships of Canadian registry.
3. A conference of all T.L.C. affiliated unions in B.C. to draft amendments to the B.C. Industrial Conciliation and Arbitration Act.

4. Setting up by the federal government of a Fraser River Authority, and similar authorities for other rivers of the nation. The provincial government is asked to make an immediate survey for the Fraser authority.

5. Pressure on the federal government to disallow the Prince Edward Island "anti-labor" act.

6. Full bargaining rights for federal civil servants.

7. Adoption of civil servants' "best five years" of service as the basis for superannuation rates.

The resolution demanding support politically for the C.C.F. was by-passed. Proposed by Harold Thayer, machinists' delegate, the resolution said "neither the Liberal nor Conservative parties were worthy of electoral support."

A stormy debate followed the reading by Charles Peck, legislative committee chairman, of a resolution demanding the congress "strongly rebuke the federal government for its refusal to heed the requests of all classes of our people on this question (price control)."

The resolution was sent back to legislative committee after a discussion in which Mr. Thayer, Fred Bevis, electrical workers, and Margaret Burgoyne, Hotel and Restaurant Employees, had denounced it.

Fewer Registrations Expected For College

Enrollments at Victoria College are not expected to be as high this coming term as they were last year.

Miss Dorothy Cruikshank, registrar, said today 41 students have registered to date for the opening term. A similar number had registered at this time last year.

But total registration probably will be from 80 to 100 lower because a smaller number of ex-servicemen and women will be attending. Only five of those registering so far are veterans.

Total registration last year was 489.

Registrations began Monday and will continue to Sept. 13. College will open Sept. 16 and lectures will start Sept. 20.

Big Haul Of Tuna

PRINCE RUPERT, B.C. (CP) —Two heavily-laden boats from the Queen Charlotte Island tuna fields landed here with 11 tons each of "the chicken of the sea" it was reported Wednesday.

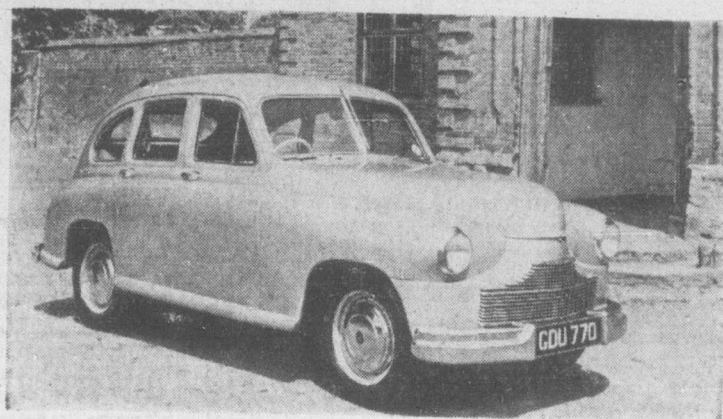

They reported at least 25 other boats fishing in the island area and garnering big catches. Boats were hauling in from 100 to 200 fish a day, each weighing from 10 to 30 pounds.

Market price here for tuna is \$650 a ton.

Fishing company officials said they will send a packer equipped for freezing the tuna into the area today.

Yes, that down-home bean flavour really satisfies. And no other beans are so downright irresistible, succulent and satisfying as Libby's Deep-Browned Beans. You see, Libby's prepare them a special patented way which cooks every bean right through to the centre—just exactly right. Then they're drenched in Libby's own savoury tomato sauce, brimful of satisfying, appetizing flavour. No wonder men prefer Libby's Deep-Browned Beans. And no wonder women like to serve them. Just heat them through, and they're ready. Serve Libby's often because they're thrifty, too.

88 Petitioners Ask Oak Bay Council For Better Bus Service

A petition charging inadequate bus service in the King George Terrace area was received by Oak Bay Council Wednesday evening from D. J. Lindsay, 396 King George Terrace, and 87 others.

The petition claimed that, owing to the present routing of buses, caused by the recent changes, the petitioners had a just grievance, and inadequate service, which could be easily remedied.

The petitioners complained they have no direct service to or from the Oak Bay municipal hall and shopping centre. They also complained of the distance they had to walk from the nearest point the buses took them to their homes.

It was suggested that there be introduced a service from Quimper Street, over King George Terrace, direct to the Oak Bay municipal hall centre with a 10-minute service from 8 a.m. to 10 a.m., and from 4 p.m. to 6 p.m. (with the exception of all day Sunday and Wednesday afternoon), and a 20-minute service outside the hours mentioned.

The council referred the petition to the transportation committee.

Aging Couple Forced To Live In Big Home By Oak Bay By-law

Some people suffer from the housing shortage but Oak Bay Council Wednesday evening found itself helpless in the face of the pleas of an aging couple whose problem is that they have too much house.

In a letter to the council, the wife told the councillors that "Now we are old and want to go and live in a smaller place." The desire seems simple but it isn't easy to achieve for no one wants to buy the house as a home.

There are prospective buyers who would purchase it for a rooming house but the Oak Bay zoning by-law says "No," and the councillors can't help it... they simply had to shrug their shoulders and say "It's unfortunate, but nothing can be done."

And as the old couple saw it: "The result of the zoning by-law is that we shall have to live out our lives in this house, and year by year it will get more dilapidated, and be an eyesore to the municipality."

Approve Creation Of Arterial Highway

Oak Bay Council Wednesday evening approved a board of police commissioners' resolution to make Nottingham Road an arterial highway from Lansdowne Road to Thompson Avenue.

The council instructed that the necessary amendment to the by-law be drafted as requested by the board. This would provide for stop signs on each side of Nottingham Road on Dewdney Avenue, Burdick Avenue and Dufferin Avenue.

Oak Bay To Count Its Bus Patrons

Oak Bay is planning to make a traffic count of bus patrons within the municipality, A. S. G. Musgrave, municipal engineer, reported at the Wednesday evening meeting of the council.

Mr. Musgrave said he proposed the count should be made in one day, between the hours of 7 in the morning and 7 in the evening. To do this, he said, would require 18 counters, and it was suggested Oak Bay Boys Scouts might be asked to help with the job.

Tax Forms Cost More Than Taxes In Shanghai

SHANGHAI (AP) — The Shanghai Evening Post and Mercury said today the city has mailed each taxpayer a triplicate notice asking 45,000 Chinese dollars while the paper and envelope cost 245,000.

"Multiply that by the number of taxpayers," the Post said, "and you get an idea of why the city is piling up a back-breaking deficit."

It added editorially: "We have nothing against the concubine system, although we don't happen to use it ourselves. We feel, however, that concubines can be financially productive if someone starts a tax system levying the equivalent of 2,000 U.S. dollars for each new one. We feel people should be allowed to acquire the latest models, as long as they kick in their contribution to the national treasury."

4 Teachers Return To Victoria College

Four members of Victoria College's teaching staff will be back in the lecture rooms after one year's leave of absence to further studies when the autumn term starts Sept. 16.

They are Dr. Harry Hickman who obtained his doctorate in

French from University of Paris; Roger J. Bishop, who worked toward his Ph.D. in English in England; Sidney G. Petit, who worked toward his Ph.D. in history and philosophy at University of Washington, and Miss Phyllis Baxendale, who worked toward her M.A. at University of California.

Miss Kathleen R. Mathews has received a permanent appoint-

ment as librarian at the college, replacing Miss Marjory Griffin who is in California.

Members of the staff on leave of absence this year include W. Gordon Fields, to be replaced by Miss Constance I. MacFarlane of the University of Alberta; James Aitchison, to be replaced by Anthony A. P. Dawson of the University of California, and Rodney P. D. Poisson, on leave to University of Washington.

Many Movie Patrons See Paper Vendor Killed In Montreal

MONTREAL (CP)—Ben Gallasio, 40-year-old newspaper vendor, was shot and killed by another newsdealer while walking along St. Catherine Street in the heart of the theatre district

of this city, late Wednesday night.

Police said they were holding Antonio Rennie, 35, as a material witness for the inquest.

Witnesses to the shooting told police that two men were selling papers in front of the Palace Theatre when one suddenly pulled out a gun and fired three shots at Gallasio. He dropped to the sidewalk and died within minutes.

The shooting was done in full

view of hundreds of patrons leaving the theatre.

Police said they captured Rennie a short distance from the scene of the shooting. He was carrying a .38 calibre revolver, police said.

Police could give no motive for the shooting, but several eyewitnesses reported an argument had started between the men shortly before. It was possible locations for selling papers had entered into the argument.

PLANNING HOME CANNING?

Every jar of vegetables and fruits you "put up" this summer will pay off big dividends in good eating next winter. Of course, canning takes time—but it takes less time when you get everything you need right in your own neighborhood at Safeway. Canning costs less, too, when you buy supplies at Safeway's low prices. To help you in making your home canning plans, we offer at right a handy list of things you are likely to need.

Broad Socialization Program Drafted For C.C.F. Convention

WINNIPEG (CP)—A broad national socialization program was ready for public airing today as the C.C.F.'s biennial conference opened here with delegates from all the provinces in attendance.

The 10-point national program—to be considered apart from almost 150 other resolutions on the agenda—was drafted by the party's national executive and approved Wednesday by the national council at a pre-convention caucus.

Briefly, it calls for socializing banks, railways and a wide range of primary industries, including several touching on agriculture.

HIGHLIGHTS OF SESSIONS

Consideration of this program—which the C.C.F. hopes to put into action during its first term in control of Parliament—will headline the three-day convention agenda.

Selection of a national leader for the next two years also will be considered, but with no candidates rumored to be opposing M. J. Coldwell, his reelection is considered a formality.

Wednesday Mr. Coldwell, in an interview, suggested a fall session of Parliament, with mid-November mentioned as the best time for the opening.

He said there are many things requiring attention of the gov-

ernment, including the rising cost of living.

In an address to the Commonwealth Co-operative Youth Movement meeting Wednesday, Mr. Coldwell said "monopolized industries which have been gaining strength at an alarming rate" were threatening the world with a loss of its freedom.

FUTURE OF C.C.Y.M.

Debate whether the C.C.Y.M. should become synonymous with the C.C.F. took a prominent place in discussions, with national secretary David Lewis of the C.C.F. opposing such a move and Harold Winch, British Columbia C.C.F. leader, favoring it.

Mr. Lewis said constant association with the older group would bring the youth into the fold in their own time.

Mr. Winch suggested membership in the C.C.Y.M. meant acceptance of C.C.F. ideas, with amalgamation of the two organizations a natural result. No decision was reached.

Jacques V. Morin of Montreal was elected president of the youth movement, succeeding Ron Moats of Riverton, Sask. Ethel Jacobs of Vancouver and Jeannine Theoret of Montreal were selected as vice-presidents.

Woolworth Workers To Take Strike Vote

A government-supervised strike vote will be taken by 35 employees of F. W. Woolworth's Victoria store on Friday, the Victoria and District Trades and Labor Council learned Wednesday night.

Decision to take the strike vote was announced by Annabelle Murphy, international organizer for the Retail Clerks' Union. The employer had rejected a majority recommendation of a cancellation board.

The council passed a resolution pledging support to the union. The majority report of the conciliation board recommended wages ranging from \$22 to \$28 a week. The union had requested \$25 to \$34.50.

The organizer said the company had rejected this year provisions for union security which had existed for six years.

Papa Takes A Bath

William F. Girard, former world log birling champion, takes a ducking as his son, Lowell, exhibits expert snubbing skill at Wisconsin Dells, Wis. Girard and his three sons of Gladstone, Mich., challenged all-comers for the Wisconsin state title.

Douglas Tire's 17-Game Winning Streak At Stake In B.C. Finals

When the British Columbia senior A men's softball championship playoff opens at Central Park Saturday night at 6.30 with the first game of the best-of-five series, Douglas Tire, Victoria's representative, will be carrying a 17-game winning streak into the battle against the mainland champions, Vancouver Narrows.

Second and third games will be played Sunday at Athletic Park at 1.30 and 4.30.

The tiremen will also be cast in the role of defending titleholders. Playing under the banner of Esquimalt Meat Market last season, manager Jim Lackie's crew won the B.C. title from New Westminster and from there went on to the western Canada championship.

The current winning streak of the island champions started near the close of the regular league season when they closed out the schedule with four straight wins to tie Timber Service for first place. They defeated timberman in the sudden-death game for win No. 5.

Then followed a string of nine playoff victories, three over Bluebird Cabs, three over Brentwood and the final trio over Ladysmith for the island crown, plus one win over the up-landers in an exhibition game. Sandwiched in between was one triumph over Langford in the city championship series. The 17th win came Tuesday night when Douglas Tire defeated

Langford again to win the city title.

TEAM STRONGER

Manager Lackie figures his team is at least 50 per cent stronger than last year's championship nine.

The outfield is the hard-hitting trio of Vic Dale in centre, Ray Byers in right and Toad Garnet in left. Don Robinson has been judged the best third sacker to show in the city league for some time while Chick Newman at first, Gar Taylor at second and Ab Ellis at short are holdovers from last season's squad.

Veteran Henry Harris is the first string backstop and his ability to get the most out of the pitchers has been a vital factor in the team's pennant drive this year.

However, the big question mark of the club is the pitching staff. Not that Douglas Tire hasn't got two of the ablest hurlers in the league in Ken Gun-

ter and Stan Tenning, but the hurling staff as a whole is lacking in depth.

Gunter and Tenning have been carrying most of the load this year with Gunter enjoying a particularly brilliant season. Charlie MacKay, third member of the staff, hasn't seen much action but in his last start looked good as he stopped Ladysmith on one hit for six innings.

FACE SUSPENSION

Narrows won out in the Vancouver playoffs by taking the best-of-five series three games to one. The final game ended with New Westminster Army and Navy walking off the field in the third inning in protest over an umpire's decision.

For the walkout action, the Army and Navy team, last year's B.C. finalist, face suspension for the rest of the playing season and also for next year, Bert Smith, president of the Vancouver body, has announced.

Coast Hockey Players Dislike Pro Contracts

VANCOUVER (CP) — Pacific Coast Hockey League's professional status may result in exodus of established top-notch players this winter.

Some players are balking at signing professional contracts with the coast loop and are ducking for deals with "amateur" clubs in the prairies and eastern Canada.

Vancouver Canucks Bernie Bathgate is in Edmonton and hockey interests there are reported to be reserving a spot for him on the Allan Cup champion Flyers.

Flyer coach Frank Currie was contacted by telephone from here Wednesday, but refused to comment.

Lethbridge Maple Leafs have

announced they are seeking the services of three Coast Leaguers to bolster their western Canada entry. They have already acquired Pete Slobodian as coach.

Some Seattle Ironmen are reported to be balking at professional contracts and are asking bonuses before signing.

Coley Hall, Canuck owner, had little to say concerning Bathgate's departure.

"If Bernie wants to play in Edmonton and gets a good enough deal—that's okay by me."

Eaglettes Capture Island Championship In Straight Games

Scoring six runs in the sixth inning, Eaglettes last night came from behind to defeat J. H. & E., 13 to 9, in the second game of the best-of-three finals for the island championship to take the series and the championship in straight games.

Ruth Oster was the winning pitcher as she received credit for her 23rd win of the season in a relief role. Barbara Bone, who started for the Eaglettes, was hit hard and gave up a total of nine runs. The game was nip and tuck with first one team taking the lead and then the other.

J. H. & E. took a 6 to 3 lead in the second inning with a four-run spree after Eaglettes had gone ahead 3 to 2 in the first half of the inning. Four runs in the top of the third gave Eaglettes a 7 to 6 margin but J. H. & E. replied with three runs to again go out in front. The six-run outburst finished J. H. & E. in the sixth. Jan Zaruk homered for Eaglettes.

Bremerton In Third Straight Victory

Marshall Puts Stop To Rally; Tacoma Tigers Open Series Here Tonight

Big John Marshall and the Bremerton Bluejackets threw a severe crimp into the A's first place aspirations last night at Tacoma as the tars dropped the locals, 7 to 4, to sweep the three-game series and dump the Athletics into fourth place, nine full games off the pace.

Marshall made his appearance in a relief role after Joe Sullivan, who had gone the distance, loaded the bases with only one out in the ninth. All Marshall did was to force Archie Wilson, the W.I.L.'s bat king, to ground into a double play with tying runs on the sacks.

Incidentally it was learned from the Howe News Bureau today that Wilson's total of 22 triples (he got one last night) is a new league record. The old record of

20 was held by Wes Schulmerich of Lewiston and was established in 1937.

TAGOMA HERE

Tonight the A's return home to take on another tough club, the second place Tacoma Tigers, in a five-game series starting with a twin bill at 7 this evening. Joe Blankenship is due to hurl one game with Bill Harmsen the likely starter in the other.

Bremerton took the lead in the first inning in last night's tilt as Eddie Murphy completed the cycle but the A's roared back with three runs in the second to go out in front. Vic Buccola drove in all three runs on a triple with the bases loaded.

In the third, Bremerton replied with three runs of their own to

take a lead of 4 to 3, after the A's lost a great opportunity in the top of the inning when Russ Walseth struck out with the sacks loaded.

A single run in the seventh and two more in the eighth put Bremerton in front 7 to 3 as the A's came to bat in the ninth. Dick Morgan batting for Walseth

singled. Del Owens did likewise in a pinch hitting role. Buccola then drove in the A's fourth run

and his fourth of the game. After Sullivan had loaded the sacks with one out Marshall was called to the rescue and he stopped the rally cold.

Len Kasparovitch went all the way for the A's and was charged with his 12th loss of the season. It was Sullivan's 11th victory.

WIN CLOSE ONE

Tacoma Tigers kept pace with Bremerton remaining seven and one-half games behind in second place. The Tigers who were edged 1 to 0 by Vancouver on Tuesday reversed the procedure last night by blanking the Caps, 1 to 0, behind the six-hit pitching of Angelo Venturilli. Jim Hedgecock tossed 10-hit ball for the Capitanos.

While the A's were losing to Bremerton, Spokane Indians were

having a field night at the expense of Yakima taking the tilt by the lopsided score of 16 to 0. The win jumped Spokane into a 1 percentage point lead over the A's for third place.

Salem Senators took a pair from Wenatchee, 8 to 7, and 9 to 6, to move to within two games of fifth place and the Vancouver Capitanos.

Short scores follow:

| Team | R | H | E |
|---|----|----|---|
| Vancouver | 0 | 6 | 0 |
| Tacoma | 1 | 10 | 1 |

Barney's One-Hitter Marks Brooklyn Win

A new-found strength on the mound is making Brooklyn Dodgers the most feared and respected club in the National League.

Receiving their ninth route-going performance by a pitcher in their last 15 games, Burt Shotton's Brooks shut out Philadelphia Phillies 1 to 0 last night in Brooklyn, to climb within one game of the league-leading Boston Braves. The slipping Braves were beaten by the Giants in New York, 8 to 2.

In racking up Brooklyn's fourth straight victory, Rex Barney gave the best performance of his major-league career. He permitted only one hit, a fifth-inning single by third baseman Ralph Caballero.

Rookie Robin Roberts' error and wild pitch paved the way for Brooklyn's lone run in the first.

The third-place St. Louis Cardinals also took advantage of Boston's defeat, coming from behind to edge Cincinnati Reds in St. Louis, 4 to 3. The Cards now are only 2½ games off the pace. Trailing 3 to 2 in the last

Sports Mirror

By PETE SALLAWAY

IN THE WORDS of Victoria's Archie McKinnon, "Eddie Haddad got a very, very bad call in his semifinal bout of the light-weight boxing eliminations in the Olympic Games tournament."

In a letter received today, McKinnon tells of attending the boxing bouts and backs up press reports that Haddad was robbed in his bout with the Belgian champion. McKinnon pays tribute to the fine job of handling Haddad turned in by Gordie Grayston. In McKinnon's words, "They made a fine team."

McKinnon goes on to state that the manager of the Belgian fighter visited Haddad in his dressing room after the bout and apologized for the decision, saying the Canadian had really beaten his boy. "A few of the decisions in the boxing were bad, but for such a big tournament they were in the main fair," McKinnon said. "It was a tough break for a swell kid like Haddad. He has made a host of friends over here in his quiet way and I think the Royal Canadian Navy should be proud of him. Against the Belgian, Haddad was never still a second, punching beautifully with his left hand to score point after point. He avoided his slugging opponent like a phantom, making him miss badly in every round. In the final round the Belgian could hardly stand up as Eddie played a tattoo on his head and face. The entire crowd was stunned by the decision."

LATEST EDITION of Sport magazine contains what has turned out to be Babe Ruth's last interview. Baseball's greatest star was interviewed just before his final trip to the New York hospital. "I wouldn't change a thing"—that's what Ruth said, if he had his life to live over.

HERE'S WHAT RUTH told his interviewer: "I might not have done so well if I'd kept in training. Naw, I wouldn't change a thing. Let it stand. I did it. I'd probably do it again the same way." Ruth went on to say he was glad he had been able to devote the past few years to helping the kids. "Fact is, I know now that things work out for the best," he said. "It was a good thing, too, that I didn't get to manage the Yanks. I got a fine job now. Best I ever had. Ford calls me a consultant. He pays me to consult about the American Legion junior teams the Ford people sponsor. We got 10,000 teams now, all kids. I got the kids. Naw, I wouldn't want to change anything."

Plans Announced For Roller Hockey Loop

The Victoria Roller Hockey Association will operate a league of three divisions it was announced following a meeting at the Public Schools Club.

Only four entries will be accepted for play in each of the divisions. Senior teams are open to players of all ages. Juniors must be under 18 years on Nov. 1 and juveniles under 16. Registration fee will be the same as

last year. Teams are limited to 15 players. Next meeting is scheduled for Sept. 3. Teams are asked to have representatives present.

Edge Roughriders

REGINA (CP) — Toronto Beaches-Indians eked out a 1 to 0 victory over Saskatchewan Roughriders in an exhibition football game here Wednesday night.

It was Toronto's second exhibition game in its current western tour and its second triumph. Last Saturday Beaches defeated Winnipeg Blue Bombers, 12 to 9.

Players Suffer As Donkeys Take Command Of Ball Game

Trained donkeys, some of them too well trained, were the medium by which two teams, Brentwood Aces and the Times, played a baseball game last night at Macdonald Park.

The act and it certainly was an act is called donkey baseball and in addition to the ball game musical barrels and Mexican LaBola, a game similar to polo, were thrown in as part of one of the best comedy shows to take place in some time.

It would be hard to decide which one of the three acts the fans liked best, but for the players, the ball game was far the best. At least during the baseball contest the players were able to stay aboard their mounts.

Such was not the case in the polo game or musical barrels. Donkeys did everything but what was required of them and took their orders from the public address system rather than from the riders.

One player for the Times never did get on his charger during the first chukker of the LaBola tilt. Others did but failed to last long, the donkey preferring to go his

own merry way unimpeded by the amateurish efforts of the players.

"Jack Benny"—that's the name of one of the beasts—kept settling on the rain-sodden turf every time Red Lawson climbed aboard. But Lawson stole the show in musical barrels by feeding his mount a carrot. Still the donkey wouldn't move.

The baseball game was won by Brentwood according to the official scorer by a 2 to 1 score. However, the Times team didn't protest the verdict much preferring to let two other teams, the Lions Club and the Eaglettes take over for tonight's show.

Festivities tonight start at 7.30 and according to Capt. Jack Bartlett of California, trainer of the donkeys, some new acts will be presented.

The donkeys are certainly well trained and possess the faculty of being able to dump their riders whenever they wish. A warning to tonight's participants. "Bring your old clothes and if you have a spare cushion, bring that too. Macdonald Park turf isn't the softest place in the city on which to fall.

Patroy Wins Handicap; Ted Johnson Rides Well

VANCOUVER (CP) — Patroy, four-year-old chestnut gelding Wednesday captured the \$1,200 Miss Vancouver Handicap in the featured seventh race at Hastings Park.

Veteran hardboot Charlie Athey moved up strongly on the outside in the final quarter to nose out Pondo Py and His Brother.

Victoria jockey Ted Johnson took riding honors of the day with three wins, in the fourth, sixth, and eighth races.

Jockey Ken Coppennoll received a seven-day suspension yesterday. High Fog, Coppennoll's mount in Tuesday's sixth race, fouled the favored Sergeant Don and was disqualified. The suspension resulted from High Fog's interference.

Coppennoll had previously been suspended and fined during the Lansdowne Park race meet here.

First race—Claiming \$500, three-year-olds and up foaled in Canada, six furlongs: Gallia Roma (Gomes) — \$7.85 \$3.65 \$2.70; Alisa Only (Moncrief) — 6.10 3.25 3.70; Celtic Prah (Johnson) — 5.10 3.25 3.70. Colts Drop Cricket Match To Spencers

Spencers turned the tables on Colts in the eighth game of their midweek cricket series yesterday by registering a 104 to 62 triumph. It was Spencers' third win in the series.

Jim Oakman starred for the department store eleven as he ran up 44 runs before being caught by Colquhoun. D. Morgan with 20 and Ted Oakman with 11 batted well for the winners.

The bowling of Bob Sherrat who took four Colt wickets for nine runs was one of the highlights of the match. Colquhoun took seven of Spencers' wickets for 20 runs.

Motorcycle Stars Perform On Card At Langford Track

An added feature for Saturday night's auto racing program at the Langford Speedway will be a performance by the crack trick riders of the Victoria Motorcycle Club. Steve Collins, Al Lewis and Don Kendall will give a demonstration of their famous "backward ride," while Vic Redlick plans several solo stunts. This part of the show will take place just before the running of the 30-lap main event.

Digger Caldwell and Jack Spaulding will resume their battle for the point leadership among British Columbia drivers. Spaulding boasts a slim lead with 1,303 points to Caldwell's 1,282. To the leader at the end of the season will go a \$200 bonus.

It is announced today that Jimmy Laird's new No. 17 car from Nanaimo will be in racing shape for Saturday. The car showed a neat turn of speed in its first appearance last week-end.

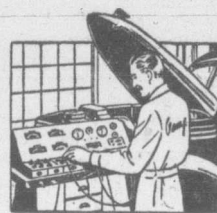

Time trials will open the show at 7.30.

Pittsburgh — George Henry, 160, Cleveland, outpointed Ossie Harris, 160, Pittsburgh (8).

FACTS ABOUT SASKATCHEWAN ...and one Important Question

Saskatchewan's Socialist C.C.F. Government in the last legislature had a working majority of 41 seats.

Last month Saskatchewan voters reduced this majority to 9 seats. Most people there voted anti-socialist.

The two cabinet ministers chiefly responsible for introducing socialistic reforms were heavily defeated.

In two northern ridings where bad weather delayed the vote and where fishermen, trappers and lumber workers had been affected in their daily lives by socialized handling of fish, furs and forest products the Socialist government lost both seats.

The Government as an employer in Saskatchewan has not readily raised wages. In socialized industries, unions have come to new agreements not through negotiation with the government but through outside conciliation machinery and threatened strikes.

These facts speak for themselves — but they raise this question:

If the Government had completely socialized industry in Saskatchewan, how free would the workers have been to oppose it in any way?

"It is no accident that individual enterprise and freedom for the individual exist together."

BRITISH COLUMBIA FEDERATION OF TRADE AND INDUSTRY

No New Pitchers For A's This Year, Says Yankee Scout Here

Victoria won't get any new pitchers for its Athletics this year but, "next year we will be in a position to give this town a whole of a ball club," was the promise delivered here today by Joe Devine, chief scout for the New York Yankees Baseball Club on the Pacific Coast.

Mr. Devine, whose club has a working agreement with the Athletics in the Western International League, assures baseball fans here that he has been trying to get new pitchers for the city for the past two months... but it's no go.

However, he offers comfort with the information that Victoria is in no different a boat from clubs in other leagues, even the major leagues. He could send pitchers up here, he says, but they wouldn't be the type Victoria wants. After all, Mr. Devine pointed out, all he was able to promise was contenders not winners.

Even the Yankees would willingly pay out about \$200,000 for a pitcher who could go in and win for them, he said.

This condition, Mr. Devine claims, is due to the war period when no new baseball talent was

being developed. But he expects next year to be a different story with the wanted talent beginning to come up again. He already has his eye on at least five good pitchers who will be in shape for next year and would give a real boost to baseball here.

AGAINST TRY-OUT CAMPS

In this build up of baseball talent, Mr. Devine holds out strongly in favor of baseball "clinics" such as the Yankee-Times "clinic" starting up on Monday with 500 Victoria boys.

The Yankee scout is thumbs down on try-out camps... too many have to be sent away after the try-outs and as a rule feel disgusted about it, he claims. His idea is that the "clinic"... an idea he started two years ago... will develop a real interest in baseball among young men and give them training which will wipe out the try-out camp system. In fact, he believes that the other big ball clubs are going to have to follow suit and adopt the "clinic" system.

Another strong belief of the scout is that would-be baseball players should keep up their studies and take their university training, if possible.

This works out well in two ways. One is that it gives the students more time learning baseball before they try to join the leagues and the other is that, if they fail to make good in baseball, they always have a good education to fall back on.

One more thing, he pointed out, was that when the university graduates do get out and try for the league they usually have a chance of getting in the bigger ones.

To aid in this scheme, he has been conducting "clinics" for high school coaches as well as students so the youngsters are always getting the best training.

Just before finishing his interview, the Yankee scout said he believed the Yankees still had a chance in the American League race if they could knock off Cleveland in the next series.

Mr. Devine will be here for the next two days to look over the local club and see how the players are shaping up with an eye to advancement for some of them. After that, he will head for the mainland.

Rotary International President Here

Shown after arriving aboard the Mv. Chinook from Seattle this morning is Angus S. Mitchell, second from left, international president of Rotary International, from Melbourne, Australia. Left to right, are: P. B. Scurrah, Victoria Rotarian, who will be host to the president; Mr. Mitchell, Mrs. Scurrah and E. L. Warner, district governor from Tacoma, Wash., who is accompanying Mr. Mitchell on his visit to this area.

"Rotary is simply an organization of business men which is out to serve in the most friendly way the communities and nations where its clubs operate," Angus S. Mitchell, international president of Rotary clubs throughout the world, said this morning on arrival in Victoria.

"Friendliness is the key to our organization. We do not concern ourselves with the religious and political beliefs of our members; but endeavor to bring about a greater understanding among them."

There are now nearly 6,600 Ro-

tary Clubs, comprising 320,000 members, now operating in 80 geographical areas, Mr. Mitchell said.

Elected international leader of the service organization last May at a convention in Rio de Janeiro, Brazil, the quiet-spoken Australian plans to visit as many clubs as possible during his term of office.

His current tour is taking him to Rotary clubs in Canada, the United States and Alaska. He left Chicago, international headquarters of Rotary, June 30 and will return Sept. 26. He will then

Victoria Company Only Island Firm Among 16 Registered

Builders Sash & Door Ltd., \$100,000 capital, Victoria, was the only Vancouver Island company among 16 registered during the week at the Parliament Buildings.

Other registrations were: Vancouver-British Cars Limited, \$25,000; T. and A. Logging Co. Ltd., \$10,000; Waterman Realty Limited, \$10,000; Marine Estates Ltd., \$10,000; Renown Sales Ltd., \$50,000; R. M. B. Laboratories (1948) Limited, \$50,000; Jack Storey Pie Co. Ltd., \$20,000; Crescent Beach Waterworks Ltd., \$100,000; Wells Club Ltd., 100 no par value shares; Roberts Florist Ltd., \$10,000; Castle Drug Ltd., \$15,000; and Thompson-Tyrwhitt Motors Limited, \$25,000.

Elsewhere in B.C.—Taylor and Son Limited, \$15,000, Kamloops; Reliable Motors & Tires Ltd., \$50,000, Kelowna; and Donald and Wolstencroft Ltd., \$10,000, New Westminster.

Societies—The Pentecost Club, B.C. Retail Hardware Association and B.C. Warehousemen's Association, both Vancouver; White Rock Liberal Association; and East Delta Gun Club, New Westminster.

Victorian Among Crash Victims

Remains of Canadian airman, including that of FO. Glenn Edgar Weir of Victoria and Medicine Hat, who were killed in a plane crash in Newfoundland in 1943, have been recovered, R.C.A.F. Headquarters in Ottawa announced Wednesday.

FO. Weir died with four other Canadian airmen when their Lockheed Hudson bomber crashed during a storm, Dec. 1943. They were all members of the R.C.A.F.'s No. 11 Bomber Reconnaissance Group.

A search party found the wrecked plane after it was sighted from the air about two weeks ago. Investigation disclosed that all airmen were killed in the impact.

The remains were taken to Gander, Newfoundland, and buried Tuesday after funeral services.

Urging Government To Widen Bridge

SHAWNIGAN LAKE—Provincial Public Works Department is being urged by the Shawnigan Lake Chamber of Commerce and the Women's Institute here to widen Beeson's Bridge and eliminate a road curve at that point. The bridge, located on the Shawnigan Lake—Cobble Hill Road, spans Shawnigan Creek, flowing from the north end of the lake into Mill Bay. The bridge has been the scene of many accidents in the past.

... And Never The Twain Shall Meet'

Staff members of the Victoria and Island Publicity Bureau are naturally proud of their reputation for being able to supply all kinds of information to tourists and prospective immigrants, but sometimes they wonder whether it is worth the trouble.

Today, for instance, they are wondering what to do about a letter received from a Los Angeles doctor.

"I am a veteran of World War II," he has written, "and am interested in buying some property on Prince Edward Island. Will you please send me maps and literature."

Plays Symphonies Without Changing

The Microgroove Long-Playing Record recently developed by Columbia Records and record player produced by the Philco Corporation of Canada Limited was demonstrated to city dealers Tuesday at a luncheon in the Empress Hotel.

The new machine plays whole symphonies without changing a record, revolves at less than half the speed of conventional turntables. The records they use have 224 grooves to the inch instead of the normal 90.

The manufacturer claims the new records practically eliminate surface noise, have a longer and wider range of tone. The players are expected to arrive in Victoria in November.

These features were explained by J. C. Cooper, sales manager of Philco Corporation of Canada Ltd. Hosts were McKenzie, White and Dunsmuir Ltd., Vancouver and Victoria Philco distributors for British Columbia.

Cook Street Trees To Be Left Alone

Cook Street boulevard chestnut trees will be spared the axe.

The city parks committee today was unanimous in a decision to leave the large trees alone. The question was discussed at length following receipt of a request that they be replaced with flowering trees which would not overhang the thoroughfare.

The request brought several protests from citizens who admire the chestnuts and who stated they are an asset to the city in beauty value, and give welcome shade.

Members of the parks committee took all communications into consideration. They were informed the roots of the large trees are not threatening any sewer pipes or water mains running under the street.

Freight Boost Seen As Stimulant To B.C. To Produce More

British Columbia government and industrial officials today predicted the new 15-per cent increase in railway freight rates would cause British Columbia to manufacture more items from her raw materials.

Almost unanimously officials protested the increase.

Premier Byron Johnson said he would have to study the impact of the new rates on the province's economy before deciding British Columbia's stand on the question.

TRADE MINISTER EYRES

Trade and Industry Minister L. H. Eyres said the new increases were bound to be detrimental to B.C.'s economy.

"We'll have to go ahead now and utilize our own raw materials to a greater extent," he said. "In doing this we would provide more employment for our own people, although I don't think any section of the country can be self-sustaining. With the mountain differential these new rates will be doubly bad."

LOGAN MAYHEW

"It's a terrible shame increases appear to be necessary," said Logan Mayhew, president of the Victoria branch of the Canadian Manufacturers' Association. "Assuming the increases being made are essential, it would certainly seem past the time when increases should be made on a percentage basis."

"The goods we can't make within the province are certainly going to cost us more. It may provide opportunities for new products to be made within the province."

Walter S. Miles, president of the Victoria Chamber of Commerce, said the freight rate increase would mean increased costs for local businessmen, "who will either have to absorb the increase themselves or pass them along to the consumer."

Assistance Asked For Barnardo Homes

J. N. Stephen of Montreal, told the Victoria and District Trades and Labor Council Wednesday night that Barnardo homes, since its start in Canada 76 years ago, had spent \$10,000,000 on rehabilitating 30,000 children.

Barnardo homes provide for destitute children in many parts of the world. Mr. Stephen appealed for support to the cause.

In England, he said, the trade unions have rallied to support the homes. There, 9,000 children were admitted to the homes during the war despite the fact that 80 homes were bombed out.

He paid tribute to the various groups, companies and associations, that have helped the cause

You Asked

about the

NATIONAL HOUSING ACT

A regular series of questions and answers on house financing and construction.

Q—I am planning to finance construction of a house under the National Housing Act. Must I use plans provided by Central Mortgage and Housing Corporation? Or may I have plans drawn up to suit my own requirements?

A—You may use your own plans, providing they conform to the C.M.H.C. building standards. Now, you may also be wondering just what your plans, which must be submitted with your loan application form, should include. Here are the requirements: A dimensioned plot plan, a plan of each floor of the house (including basement), a plan of the attic space (if future installations of rooms are intended), all elevations and a cross-section. Plans should be sufficiently detailed to illustrate clearly the type of construction or be accompanied by larger scale construction details and the overall exterior measurements, as well as the measurements required for construction of the building.

Specifications, outlining the materials, equipment and workmanship you propose to use must accompany the plans. (Specification blank forms may be obtained from any approved lending institution or C.M.H.C. office.)

At least three sets of plans and specifications should be submitted for approval to the lending institution with which you propose to do business. They will be forwarded for you to Central Mortgage and Housing Corporation for the C.M.H.C. stamp of approval, after which they may be used on the job during construction.

Q—How can a lending institution be sure that the money it advances to a builder will be sufficient to build the house? What happens if the house is partially constructed and the money runs out?

A—Naturally, the lending institution has protection in such an eventuality. In the first place, it ensures that the builder has sufficient funds to make up the difference between the loan and the cost of the house. Advances of the loan are made at such points of construction that there is always sufficient money withheld to complete construction. (Lending institutions differ as to the stages when the money is advanced.) The applicants' down-payment is the first money put into the construction.

Q—I've noted in your column that a man can use his own labor for the down-payment in financing a house under the National Housing Act. Does that mean he doesn't have to have any cash on hand, if the value of the labor equals the down-payment?

A—The maximum amount of labor that can be termed down-payment—or equity—is certainly not more than 10 per cent of the total cost of the house. If a man obtains a loan of \$5,400 for a \$6,600 house, he needs \$1,200, equity. His labor can hardly exceed 10 per cent—\$60. An additional \$540 would be needed. Of course, if his lot costs \$540—or if he had material of that value—then his equity is taken care of right there. No additional money, as equity, is needed.

Q—I am a builder-intending to build houses for rental. If I borrow under the National Housing Act, is there anything that will guarantee me a return of rentals—or is that just a chance I have to take?

A—At the end of June, an amendment to the National Housing Act dealing with just such a situation became law. The idea behind the amendment was to encourage such people as you—private enterprise in rental housing—by offering an incentive of insured rentals.

You must build a minimum of eight units to qualify under this scheme, conforming to the usual C.M.H.C. standards. The units can be one-family dwellings, multiple family dwellings or a combination of both. You must agree with C.M.H.C. on costs, and it will be to your advantage, of course, if they go below the figure estimated and agreed upon. Also, the maximum individual rent for the first three years will be determined by C.M.H.C.

Naturally, they will have to be reasonable economic rents—limited to not more than \$80 a month for one family unit of 800 square feet on a fully insured basis—hot and cold water, heating, stove, refrigeration and janitor service. Adjustments to this rent for units varying from this size may be made. The ceiling of the guarantee follows automatically from the determination of the ceiling rents, and cannot exceed 85 per cent of

July Production Of Collieries Shows Increase Over Last Year

Appraisal Company Evidence Heard In Power Dispute

Evidence of G. P. Stirrett of the General Appraisal Co., Vancouver, regarding the values set on the assets of the Nanaimo-Duncan Utilities Ltd. for expropriation by the B.C. Power Commission in 1945 by his company was heard in Supreme Court this morning.

The evidence was part of the hearing before Mr. Justice J. O. Wilson of the commission's appeal against the price set by the American Appraisal Co. to be paid to the Nanaimo-Duncan Utilities as compensation for the assets taken over by the commission.

A difference approximating \$1,000,000 between the valuation of the American Appraisal Co., appointed by the Lieut-Governor-in-Council under the Electric Power Act, and that of the General Appraisal Co., retained by the commission for an evaluation to check the first one, is at stake in the case.

Mr. Stirrett told the court that the basis of values in his appraisal was that of replacement cost at the time of appraisal less depreciation. This is the method used almost exclusively by his organization, he said.

He agreed with many values set by the American Appraisal Co. and in a few instances, set a higher price on them. One of the differences in the two valuations, he said, was due to the fact that he did not take into account \$200,000 in intangibles which the first appraisal had.

Questioned by Alfred Bull, K.C., counsel for the company, Mr. Stirrett agreed that the difference in the appraisal totals was largely due to a difference in the matter of depreciation, except in the case of the production system.

Mr. Bull pursuing a point regarding the value placed on a diversion dam, asked if it were not true that there was no road into the dam, and that it would be costly to get a bulldozer in to the site.

"Ridiculous," said Mr. Stirrett, "there is a road there." There was a brief recess requested by Mr. Bull.

The hearing is continuing.

French Ambassador To Visit City Hall

Acting Mayor J. D. Hunter was advised today that Francisque Gay, French Ambassador to Canada, will make an official call on him at the City Hall Friday afternoon.

A. Anfosy, French consul at Vancouver, at the same time invited Acting Mayor Hunter and Mrs. Hunter to an informal reception for the ambassador at the Union Club Saturday evening.

Dies In 92nd Year

In her 92nd year, Mrs. Mary Jane (Girling) Clark, widow of the late William G. Clark, passed away Wednesday at the residence, 309 Foul Bay Road.

A native of England, Mrs. Clark had been a resident of this city for 35 years.

Funeral service will be held at McCall Bros.' Floral Funeral Chapel Saturday afternoon at 2, Rev. S. J. Wickens officiating. Interment will be made in the family plot at Ross Bay cemetery.

The rents. It may be less as it covers only the following items: taxes (subject to escalator); debt service on mortgage of 85 per cent of estimated costs; operating expenses; repairs, renewals and replacements; a minimum return of 2 per cent on 15 per cent of the estimated costs of the project; rental insurance premium.

The insurance premium depends on the length of the contract—1 1/2 per cent for 10 years, 2 per cent for 20 years and 2 1/2 per cent for 30 years payable annually in advance. At the end of the three-year term, there is no restriction on the rents which you may charge. The first requisite is that you must show that you have sufficient capital (together with the mortgage loan) to complete the project.

GROUND FLOOR OFFICES FOR RENT

Suitable for Salesman or Manufacturers' Agent. Telephone Service, Light, Heat and Janitor Service. Reasonable Rent.

Vancouver Island coal production again during July showed a gain over the production for the corresponding month of 1947.

A report of the chief inspector of mines for B.C. placed July coal production of Vancouver Island mines at 40,144 long tons, compared with 36,436 long tons produced during July of 1947. Output for the whole province during last month totaled 176,974 long tons, compared with 134,049 during July, 1947.

While production of No. 10 Mine, South Wellington, was down from 17,655 long tons in July, 1947, to 15,936 tons last month, all other of the major mines of the Canadian Collieries (D) Ltd. showed increases. Comox Colliery, the biggest producer, raised 16,461 long tons last month, compared with 14,003 during July, 1947, while the White Rapids Mine produced 4,133 tons compared with 3,921 during July, 1947.

The Tsalie River mine produced 3,026 tons last month. It was not in production last year at that time.

Big gain in the East Kootenay district was that of the Corbin colliery which turned out 43,797 long tons, a gain of 20,000 tons. Michel Colliery had an output of 67,752 long tons, a gain of 10,000 over the previous July, while Elk River Colliery's production jumped from 13,204 to 22,842. Output of mines in the Nicola-Princeton district was 1,628 tons, compared with 3,587 during the previous July; the northern district produced 811 tons, compared with 529 during the previous July.

\$300 Grant Refused

The Victoria Baseball Association today was refused a \$300 grant from the city parks committee.

The association asked for the grant to help defer expenses of operations.

Committee members felt they would be setting a precedent if the grant was made. They have received numerous similar requests on which no action has been taken.

Garbo Contracts To Make New Movie

HOLLYWOOD (AP) — Greta Garbo, absent from the screen for seven years, has signed a contract with producer Walter Wanger to star in a picture to be filmed in Europe next spring. Wanger, who produced "Queen Christina" in which the Swedish actress starred, said the title of his film is being reserved. He said principal scenes will be filmed in Rome and Paris.

ATLAS THEATRE

In "Sitting Pretty," the new Twentieth Century-Fox comedy hit currently at the Atlas Theatre, Maureen O'Hara has three small children, and not once does she sing the moppets to sleep. Intimates of the auburn-haired beauty, however, claim that although Maureen has never sung on the screen, movie-goers are in for a surprise when they learn of her future plans. The star has, in fact, a beautiful voice, has

YORK INTERNATIONAL—Cary Grant and Myrna Loy in "The Bachelor and the Bobby-Soxer."

CAPITOL THEATRE

A reminiscence of Don DeFore boomeranged on Director Michael Curtiz during shooting of Warner Bros. technicolor musical, "Romance on the High Seas," now at the Capitol Theatre.
 Curtiz was saying that one of the happiest films he ever made was "Kid Galahad," shot over 10 years ago with Wayne Morris starring.
 "And do you remember," Don said, "the youngster who played the cub reporter in that picture?"
 "Yes," Curtiz replied, "he was terrific. What was his name?"
 "You're looking at him," was Don's quick reply.

studied since childhood, and plans to audition for the Metropolitan Opera House when her studio contract is up in 1949.

Mass Demonstration Winds Up Playground Activity In City

It doesn't have to be May to do the Maypole dance, these 12 girls from James Bay showed Wednesday afternoon at a demonstration in Royal Athletic Park which marked the culmination of this year's summer playground activity. The dance was directed by Miss Audrey Ogden.

Start of the first heat in a race for girl stilt walkers. Many tumbled to the ground before they reached the finish line, but such incidents were taken as part of the fun. Champion stilt walker among the girls proved to be Martha Worthy of Stadacona Park.

Supervised summer playground activity in Victoria was brought to a close Wednesday afternoon with a mass demonstration and sports meet at Royal Athletic Park in which representatives of the city's nine playgrounds participated.

Before a good crowd of parents and friends, children of all ages ran, danced, acted, tumbled, boxed and ate lemon meringue pies.
 The program lasted for two and one-half hours. It was opened by Ald. Aubrey Kent, chairman of the city's park committee, who praised the playground supervisors for their efforts during the past months.

"They have done excellent work," Ald. Kent said. "The children, I know, appreciate their efforts, I hope the mothers and fathers do too."

Speaking for the mayor and city council, Ald. Kent said the city was vitally interested in summer playground activity.

Also representing the city were Ald. Frank Mulliner and W. H. Warren, parks superintendent.

Competing in each of the races were three children from each playground. Playgrounds represented were: James Bay, Hollywood, Oaklands, Stadacona, Victoria West, Central, Todd, Beacon Hill and Burnside.

Champion girl sprinter of the meet was Patsy Wright of Oaklands, who won the 100-yard girls' open. Top male runner was Doug Perlette of Central, who won the 100-yard dash for boys.

Doug received as a prize a brand new baseball, bearing the

Lefts to the head are landed by Gordon McGaw, left, of Burnside, and Danny Nadon of Beacon Hill as they show what they learned about boxing at summer playground sessions. This bout was won by Danny Nadon after a close fight. Referee is Vic Murdoch, well-known Pacific Northwest Golden Gloves champion in the bantam-weight division.

autographs of all members of the Victoria Athletics.

Honors in the slow bicycle races went to two youngsters from the Central Park playground. The girls' event was won by Myrna Barr for the third consecutive year, and the boys' race was won by Don Paulin.

Martha Worthy of Stadacona Park and Bill Bowles of James Bay proved to be the best stilt walkers, and Charlie Putnam the strongest baseball thrower.

Following the races, folk dances were presented under the direction of Miss Audrey Ogden and Miss Margaret Bracken, and a tumbling display under the supervision of George Smith and Jack Moffatt.

A featured event on the program was the presentation of a short play by Mrs. Laura Lukym, entitled "A Child's Dream," in which children from all playgrounds took part.

Star of the large cast of Mother Goose characters was 10-year-old Beverly Hughes, who took the part of the good fairy.

PIE CONTEST

Highlight of the afternoon was a pie-eating contest in which contestants had to eat a lemon meringue pie while down on

Triple Star Cast In York Picture

A woman judge's efforts to straighten out her young sister's romance forms the theme of "The Bachelor and the Bobby-Soxer," Dore Schary's production for RKO Radio, co-starring Cary Grant, Myrna Loy and Shirley Temple is currently at the York Theatre.

Grant enacts a successful artist whose lecture at a high school causes one of the girl students to develop a mad infatuation for him. The judge, who doesn't approve of the artist anyway, endeavors to break up the affair by an ingenious application of psychology, but by the time the scheme works she's in love with the man herself, and the outcome is hilarious.

Mysticism, Intrigue In 'The Brothers'

Mysticism and fear with intrigue and jealousy culminating in simmering hate and death are but a few of the features of Sydney Box's enthralling screen adaptation of L. A. G. Strong's novel, "The Brothers," which comes to the Oak Bay Theatre today.

Set amidst the enchanting country of a remote island, off the west coast of Scotland, where the ancient superstitions of the island folk and their peculiar customs are the basis of life, the story is one of mental and physical conflict.

'Old Spanish Trail' On Rio Screen

One of the most popular and highly regarded of all cowboy musical groups, "The Sons of the Pioneers," is featured in all of Republic's films starring Roy Rogers, the latest of which "On the Old Spanish Trail," opens today at the Rio Theatre.

Roy himself was a member of the "Pioneers" when the group was first organized. The present membership consists of Bob Nolan, Tim Spencer, Lloyd Perryman, Hugh and Karl Farr, and Pat Brady.

Nolan is widely known as a composer of western songs, and has many hits to his credit, including "Cool Waters."

DOMINION THEATRE

Sylvia Sidney never worked in silent films and hasn't seen a silent picture since she was a little girl.

But during the filming of "Love from a Stranger," Eagle Lion's fear-filled drama of a fatal fascination, which is now at the Dominion Theatre, Miss Sidney was called upon to work one whole day in pantomime sequences, expressing by gesture, movement and facial expression, the entire gamut of human emotion from connubial affection to doubt, suspicion and fear.

ROYAL THEATRE

"While the Sun Shines," which because of its popularity is being held over at the Royal Theatre, stars Ronald Howard, son of the late Leslie Howard. It is the greatest English comedy since "Quiet Week-End."

New Stadium Will Be Named After Ruth
 BALTIMORE (AP) — Yankee Stadium may have been known as the "House That Ruth Built," but a new Baltimore bowl will be named for the Babe.
 Mayor Thomas D'Alesandro and William Callahan, chairman of the stadium advisory committee, announced today that Baltimore will honor its great native son by calling the municipal structure the "The Ruth Stadium."
 The original plan of making it a memorial to the Maryland dead of the last two wars will be fulfilled. But Babe Ruth's name will be inscribed at the entrance.

ODEON THEATRE

One of the largest "snowfalls" ever created on a studio sound stage took place at Universal-International studio for a winter scene in "Letter From An Unknown Woman" which is now at the Odeon Theatre. The entire set, representing a Vienna street, was covered with huge drifts of "snow" made from pulverized ice. Technicians worked most of the night with two snow machines and used a total of 120 tons of ice. The scene, featuring co-stars Joan Fontaine and Louis Jourdan, is one of the most picturesque in the film.

PLAZA THEATRE

Ann Blyth gets her man. The former child actress who came to pictures from the stage and scored a sensational success as Joan Crawford's ingrate daughter in "Mildred Pierce" has been left manless in the last reel of every one of her pictures.

Now appearing in Universal-International's "A Woman's Vengeance," showing at the Plaza Theatre, Ann shows up in the climax of the picture as the happy wife of Charles Boyer.

They'll Do It Every Time

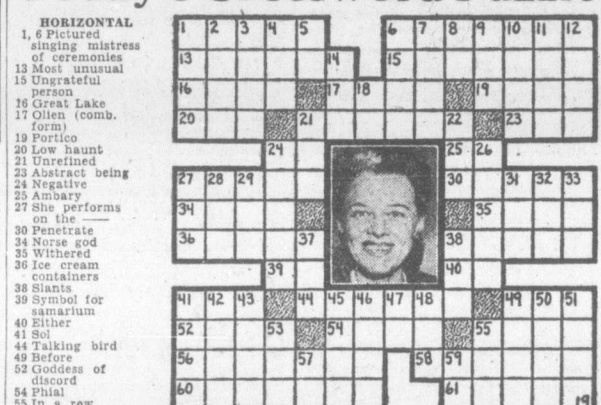

The DOCTOR Says:

DIABETICS MUST KNOW FOOD VALUES

Diet is still the most important method of treating diabetes. Insulin is administered to patients whose difficulty cannot be controlled by diet alone. Diabetic patients must learn the composition of various foods, in terms of their carbohydrate, protein and fat values. They must learn how to add foods, when they have been unusually active.

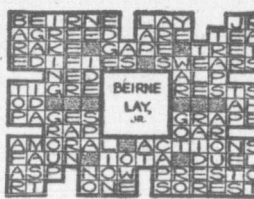

In the long run, diabetics who either weigh or measure their food, obtain the best results from treatment. The diet for most diabetics will contain from 150 to 250 grams of carbohydrate, 80 to 100 grams of protein, and 50 to 150 grams of fat. This may not mean much to one who does not have diabetes, but, to a victim of the

Uncle Ray

MILTON MET BLIND SCIENTIST DURING VISIT IN ITALY

Eight years before the death of Shakespeare, a child was born in England who also was to be a great poet. The infant was given the name of John Milton.

John was born in a small building on Bread Street in London. The lower floor of the building was used as a business place by his father, who earned a living by following one branch of the law. The father belonged to a wealthy family, but had lost his share of a fortune because he had changed his religion.

The boy was given a good education. A tutor was hired for him and he was taught to read and write Latin. At the age of 16 he was sent to college at Cambridge.

Young Milton spent seven years at Cambridge, then went back to his home. His father had planned to have him become a minister of the gospel, but the son had another idea. He wanted to be a poet.

By this time the Milton family had moved to a small town 17 miles from London. The town was called Horton, and John lived there for five years. His father had put aside enough money for his family to live in comfort, and the young man was free to study what books he chose, and to write the verses which came to his mind. He used the five years to produce three important poems, one of which was "Il Penseroso."

When he was 30 years of age, Milton made a trip to Italy, and spent more than a year in Florence, Rome and other cities. While in Florence, he paid a visit to an aged Italian who had become blind. This man was Galileo, one of the great scientists of history.

Getting back to England, Milton made his home in London. At this time a civil war was brewing, with King Charles and his friends on one side and the Puritans on the other. The poet took the side of the Puritans.

At the age of 34 he was married to a young woman named Mary Powell. She belonged to a family which was friendly to the king, and this caused some trouble between them. During the nine years which passed before her death, three daughters were born.

SEALERS TENDERS addressed to the

undersigned, and endorsed "Tender for Road Renewals and Repairs, Granite Bay, B.C." will be received until 3:00 p.m. (E.D.T.), Wednesday, September 8, 1948, for Road Renewals and new dolphins at Granite Bay, Quadra Island, B.C.

Plans, form of contract and specification

can be seen and forms of tender obtained at the office of the Chief Engineer, Department of Public Works, Ottawa, at the office of the District Engineer, Port of Building, New Westminster, B.C., and at the Post Office at Granite Bay, New Westminster, Victoria and Vancouver, B.C.

NOTE: Upon application to the undersigned, the Department will supply blue-prints and specification of the work to be done, and a copy of the form of tender. The deposit will be released on the return of the blue-prints and specification within a month from the date of receipt of tenders. If not returned within that period the deposit will be forfeited.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions set forth therein.

Each tender must be accompanied by a certified cheque on a chartered bank in Canada, payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Banker's Bond of the Dominion of Canada, or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bond and a certified cheque if required to make up an odd amount.

By order, J. M. SOMERVILLE, Secretary, Department of Public Works, Ottawa, August 13, 1948.

PILE TORTURE

When you remove the cause of any trouble, a great amount of work is done. That is why PILE TREATMENT is getting everywhere. You get results with first bottle or money refunded at once \$1.75 at all drugists.

Having received instructions from Mrs. M. A. Helliwell, I will sell on her farm, known as the Wm. Cassidy farm, on the old highway, 2 miles south of the Speedway Hall, Cedar, halfway between Nanaimo and Ladysmith, 11 head of nice Dairy Cows, 2 of them are Registered Jerseys, first calvers, the others are Holstein-Jersey, Guernsey crosses and Jerseys; 5 head of Registered Jersey Heifers, 4 of them heavy in calf and are Birkenhead stock; 6 head of Registered and high-grade Jersey Heifers, one year old; 1 yearling Registered Jersey bull, bred by Eric Hamilton, Duncan; 1 fat Cow. There are also 4 nice Black Hogs, bacon type (will dress out heavy). Everything is in fine shape. Full information will be given at the sale. Also some Poultry; 1 Surge 2-unit Milking Machine complete (like new); 7 10-gal. Milk Cans and the usual assortment of Dairy Utensils; 2 Wood Heaters and some Furniture; 6 Bird Cages; Garden Seeder and Cultivator; Post-Hole Digger; Hudson Sprayer (new), and many other things too numerous to mention.

TERMS CASH A. H. McPHERSON & SONS 3917 Cedar Hill Crossroad, Victoria

This beautiful farm is also for sale privately by Mrs. Helliwell, consisting of 66 acres of good land; has one of the best modern houses on Vancouver Island, just built one year ago; also nice cow barns and other outbuildings; and a good supply of running water. See Mrs. M. A. Helliwell

Land Registry Act Section 160 IN THE MATTER OF THE Eastern twenty (20) feet of Lot 5 Hundred and Fifty (505) Victoria City. PROOF having been filed in my office of the loss of Certificate of Title No. 2407-1 to the above-mentioned land, in the name of YEE FUNG TONG TONG SOCIETY, and leaving the 3rd day of February, 1947. I HEREBY GIVE NOTICE of my intention, at the expiration of one calendar month from the first publication hereof, to issue in the name of the said Yee Fung Tong Society a Provisional Certificate of Indefeasible Title in lieu of such lost Certificate. ANY PERSON having information with reference to such lost Certificate of Title is requested to communicate with the undersigned. DATED this 10th day of July, 1948, at the Land Registry Office, Victoria, British Columbia. R. N. C. HEMBRICK, Deputy Registrar, Victoria Land Registration District.

Majority Vote For Private Production Of Power In Alberta EDMONTON (CP)—Albertans were on record today as favoring generation and distribution of electricity by private companies. Early returns from rural polls had shown a majority for public ownership, but when city counts on Tuesday's plebiscite began arriving, the total swung sharply in favor of private corporation control. The latest province-wide total showed that in 2,280 of 2,760 polls the count was 109,330 favoring private enterprise compared with 102,094 for socialization. Calgary, Lethbridge and Medicine Hat were strongly on the side of development by private companies. In Edmonton, where a power plant is operated as a civic utility, the vote was closer—22,351 for private; 21,478 for public.

Puget Sound Ferry Reports Conflict SEATTLE (AP)—Announcement that Washington State may be in the ferry business on Puget Sound by the end of September brought conflicting reactions in the state today. Karl Kaye, chairman of the Puget Sound Ferry Users' Association, said the move will be "a great stride in the development of the entire state." He said the option obtained by the Toll Bridge Authority "contains everything, as we see it now, that the ferry users have sought." Former Governor Arthur B. Langlie, on the other hand, criticized the deal as being carried on "under the greatest cloak of secrecy." It may cost the state "anywhere from \$1,000,000 to \$3,000,000 more than if the problem were properly handled," he said.

Coldwell Says He Sees Confusion In Alberta WINNIPEG (CP)—The C.C.F. national leader, M. J. Coldwell, said today the result of Tuesday's Alberta provincial election indicates "political confusion" in that province. "It is extraordinary," he said, "that the rural vote went for public ownership of power while a government which opposed this was elected. I think this shows political confusion." Premier Douglas of Saskatchewan, head of Canada's only C.C.F. government, also suggested the C.C.F. had won a moral victory on the power issue. "The result was disappointing," he added, "but we have been licked before and come back. We're getting ready for the next round."

Here's Speedy Relief for Tender, Aching, Burning Feet Your feet may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture; you give up any thing to get relief. Two or three applications of Moone's Emerald Oil and in a few minutes the pain and soreness disappears. No matter how discouraged you have been, if you have not tried Emerald Oil then you have something to learn. Get a bottle today at David Spencer Ltd., and all drugists.

498 Blood Donors At Naden Clinic Up until noon today, 498 donations had been made to the Red Cross blood bank by officers and ratings of the R.C.N., at the special two-day clinic session at H.M.C.S. Naden which ends today. Three hundred and fifty-two donations were received Wednesday and 144 this morning. D. H. Seymour, Red Cross public relations officer, reported this afternoon. Among donors at the Wednesday session was Rear-Admiral E. R. Mainguy, Flag Officer Pacific Coast, who made his ninth donation.
